# **ABORTED HUMAN FOETUSES NOT ONLY IN VACCINES – SOFT DRINKS TOO ARE PART OF THE SATANISM**

Some shareholders of PepsiCo, Incorporated put forward the following proposal to the directors of the Company:

## ***“RESOLVED:***

***Shareholders request that the Board of Directors adopt a corporate policy that recognizes human rights and employs ethical standards which do not involve using the remains of aborted human beings in both private collaborative research and development agreements.”***

Rejecting this proposal, the Company stated:

*“The Proposal may be excluded under rule 14a-8i(7) because it pertains to matters relating to the company’s ordinary business operations.”*

These are non-Muslim shareholders who are appalled by the rot and satanism of the company in which they have invested. But, today’s molvis, muftis and sheikhs are licking the boots of the atheists by peddling their haraam satanic wares. They

crookedly employ and misinterpret Qur'aanic Aayaat, Ahaadith and Fiqhi texts in support of their shaitaani narratives spun in defence of their atheists handlers.

Deepening the sinister satanic dimension, the Company in refusing to deal with the Proposal of its own shareholders, averred:

*“The second consideration is the degree to which the proposal attempts to ‘micro-manage’ a company by “probing too deeply into matters of a complex nature upon which shareholders as a group, would not be in position to make an informed judgment.”*

Shareholders themselves being highly perturbed by the information that their company utilizes aborted human fetuses in their flavourings, had made the aforementioned proposal. However, the ‘deep probing’ of the shareholders spells disaster for the company’s sales. Millions all over the world will desist from consuming Pepsi on account of this information which exposes the satanism, disease and filth of soft drinks, not of only Pepsi, but of all similar drinks.

Denials by soft drink and VACCINE manufacturers should be outrightly rejected. When the directors of the company refuse to answer to even their bosses, the Shareholders, what can then constrain them to honestly answer to outsiders who have absolutely no say and no control over the satanic companies?

In order to continue bootlicking the atheists and the Bill Gates, Pharma & Iblees cartel, moron molvis, juhala muftis and dacoit sheikhs in pursuit of dollars and other sinister agendas, swallow the falsehood of vaccines not being manufactured from aborted human fetuses.

Whatever these agents of Iblees proffer in vindication of their deglutition is not dissuasive to men of Intelligence. The satanic villainy of these Munaafiq agents of shaitaan is repeatedly exposed by reliable information from reliable sources.

The collaboration by muftis with the Bill Gates cartel is indeed most lamentable. Their zig zag, fence-sitting fatwas, and also outright condonation fatwas expose the nifaaq and kufr lurking in their hearts. These agents of Iblees act as if there will be no Maut and no Qabr for them.

***SOFT DRINKS ARE HARAAM!***

***VACCINES AND VACCINATION ARE HARAAM!!!***
