ANOTHER MJC SHAITAANI ‘HALAAL’ SWINE DEBACLE

The Munaafiq MJC (so-called muslim judicial council) has become adept in the art of halaalizing pork, then attributing their expertise to ‘incorrect labels’. This Satanist evil of ‘halaal’ pork is a recurring occurrence, and without fail and without exception the Devil’s stock answer has always been ‘incorrect labelling’ in the deceptive attempt to deny the pork content of the product.

‘Halaal’ VARK is no long a novelty. It is a norm for those who devour the carrion halaalized by the satanic halaalizing outfits such as MJC, SANHA, NIHT, etc.

The following press report details the latest ‘halaal pork’ debacle.

Kashiefa Holtman from Belgravia bought the wors for a family braai at Shoprite in Athlone on Saturday.

"I did not check the finer details of the print, I saw the halaal sticker and I was convinced," she says.

However, she got a *skrik* when she was unpacking the sausage.

The ingredients sticker said 37% pork, but another had the Muslim Judicial Council's logo on it, she said.

"I am Muslim and this is not acceptable. I feel like my human rights were violated here."

The 35-year-old says this

is reckless. I wonder who approved the classification of the sausage as halaal," she says.

Airtime

Kashiefa says she tried calling Shoprite head office but her airtime ran out while she was on hold. When contacted by the *Daily Voice*, Shoprite asked for Kashiefa's details.

"Please could you share the customer's details so that the team can make contact with the customer directly and further look into the matter? Stern action will be taken to address any

store to investigate.

He says he demanded answers and was told that human error led to the wrong sticker being placed on the wors: "The sausage is totally halaal, I checked their freezers.

"What happened here is that the manager was on leave and incorrect labels were sent to the shop.

"The store has always been trading as halaal since it took over from the previous owners."

This comes after Checkers in Kenilworth Centre announced they have stopped trading as halaal.

(End of the 'halaal' VARK report)

The MJC personnel are confirmed munaafiqeen of the Iblees class. There is nothing one can offer these louts by way of advice since they come within the purview of the Qur'aanic stricture: "*Summun bookmun umyun*" – "*They are deaf, dumb and blind*". Their blindness is spiritual blindness. Mentioning this type of blindness, the Qur'aan Majeed says:

"The (physical) eyes are not blind. But the eyes within the hearts are blind."

These deaf, dumb and blind scoundrels are perfect fodder for Jahannam.

The lady who had "*got a skrik*" (a shock) is not free of blame. The fact that she is quite comfortable with purchasing meat products from the kuffaar is indicative of the low and defective level of her Imaan. Those who freely purchase meat products from the kuffaar on the strength of a rotten fraudulent scrap of paper dubbed 'halaal certificate', and on the basis of the fraudulent logo-sticker stupidity, must not *skrik* when they consume MJC and SANHA 'halaalized VARK-SWINE-KHINZEER meat.

"O People? Consume from the earth that which is Halaal and Tayyib, and do not follow in the footsteps of shaitaan. Verily, he is your open enemy. He instructs You with only immorality and evil."

(Qur'aan)

When a Muslim procures meat products from the kuffaar on the basis of a silly and dangerous logo or sticker, then he/she is plodding in the footsteps of shaitaan, hence there is no need for '*skriking*', *gripping and complaining*. None of the lady's 'human rights were violated' by the 'halaal' pork sticker. Muslims who have become addicted to devouring MJC and SANHA 'halaalized' meat products just do not realize the amount of pork and haraam they have ingested over the years.

One consequence of the deluge of haraam carrion and pork meat which Muslims are devouring on the basis of logos and stickers is the explosion of diseases in the community – diseases for which the medical fraternity have no answer. Neither can the doctors correctly diagnose nor prescribe valid remedies. And that is because these diseases are part of Allah's Athaab (Punishment).
