# **“HALAAL”**

## **PORK –VARK BOEREWORS**

### ***ANOTHER MJC ‘HALAAL’ PORK DEBACLE***

**A justifiably concerned and irate Brother from Cape Town writes:**

***“Halaal? Boerewors found in Shoprite Checkers Kenilworth,  
Cape Town, yesterday -09 April 2014”***

**The frequency with which ‘halaal’ PORK is appearing at the kuffaar supermarkets is extremely disturbing. The worst aspect is that ‘halaal’ PORK carries the logo and stamp of these miserable scoundrel carrion halaalizing outfits such as the MJC, SANHA, etc.**

**The latest ‘halaal’ PORK boerewors discovered at Shoprite Checkers in Kenilworth, Cape Town, is the product of the MJC (Muslim Judicial Council). Again it was a customer who discovered the MJC’s ‘halaal’ VARK wors. The stupid, misleading, deceptive ‘addressing’ and ‘correcting’ of the ‘error’ satisfies no one. How many Muslims must have already consumed the PORK without having the haziest idea of the faeces they were devouring on the basis of the MJC’s ‘halaal’ logo appearing on the wrapper.**

**The MJC’s halaalized PORK wors contains 65% beef and 27% PORK according to the wrapper. Hardly anyone studies the ingredients on the wrapper. They simply look at the confounded ‘halaal’ logo and devour whatever haraam muck is in the packet. Since people have been eating halaalized PORK and carrion for so long, their natural inhibition and Imaani instincts have become corroded. They can no longer distinguish between mutton, beef and PORK when they eat. To them everything is the same. Their Imaan has become absolutely tarnished and polluted with all the haraam carrion which the MJC, SANHA, etc have been feeding them, hence the heart no longer sends up red signals of warning when PORK is placed on the lips.**

**These carrion and pork halaalizing scoundrels are shayaateen and khanaazeer, hence there is not the slightest itch of conscience and not the slightest vestige of fear for Allah Ta'ala left in their hearts. May Allah Ta'ala remove these scourges and curses from the midst of the Muslim community.**
