COMPOUNDED INTERFAITH KUFR *PARTICIPANTS BECOME MURTAD*

The UK has become the breeding ground for *Irtidaad*. The shaitaani interfaith movement has eliminated the Imaan of numerous 'Muslims'. Just view the brazen KUFR with which so-called 'Muslims' have aligned themselves with. See overleaf. The so-called *Huda Surrey 'Islamic' Centre* has taken a lead in the shaitaani plot of blatantly propagating flagrant KUFR.

Every true Muslim, even if he happens to be a *faasiq* and a *faajir* will recoil with horror at the type of KUFR being presented as 'islamic'. There is no need for presenting any academic argument for understanding the satanism and villainy of the shaitaani celebration which the Agents of Iblees are organizing.

Indeed, Qiyaamah cannot be in the too distant future. Rasulullah (Sallallahu alayhi wasallam) had predicted that the cross will be worshipped even inside the Musajjid, and the Musajjid will become filled with kuffaar masquerading as 'Muslims', and they will be performing 'salaat'. Recently another mudhil, Mumtazul Baatil (going by the name, Mumtazul Haq), had initiated cross-worship in the Musjid where he happens to be the imaam. Even the trustees of the Musjid and molvis condoned his haraam, baatil act of shaitaani kufr.

This type of shaitaani *kufr* and *irtidaad* activities will be on the increase as we move closer to Qiyaamah. May Allah Ta'ala save our Imaan.
