

PROPHETIC ADVICE PROTECTS AGAINST DISEASE.

Our beloved physician and Prophet, Muhammad, peace be upon him, told us that, for every disease there is a cure. The final holy book, The Qur'an is an amazing medical source for the prevention and cure of disease. We need to find and address the root causes of illness and death, such as poverty, malnutrition, lack of clean drinking water, lack of proper sewage systems, lack of natural & healthy foods and toxins in the body and environment. All Muslims should eat and drink from that which is pure and avoid pollution, contamination and sin.

ORGANIC & NATURAL HEALTHY FOOD & DRINK.

Many foods and treatments prescribed in Islam strengthen the immune system (*defence*) and prevent disease. These include... olives, olive oil, ginger, grapes, pomegranate, vinegar, figs, fasting, special prayers, black seed, breastfeeding, blood cupping (*Hijama*), aromatherapy and Zam-Zam water from Makkah, Arabia. Eat organic foods and avoid all processed and refined oils, fats, sugars, white flours, many cereals, soft drinks, Genetically Modified foods (*GM*) & additives. A diet rich in vitamin D and frequent sun exposure may prevent many diseases. Islam prohibits Muslims from taking any harmful medicine or substance. When there is controversy or doubt, Islam advises us to leave it completely, and this applies to vaccines.

DOCTORS & GOVERNMENTS CORRUPTED.

Doctors and governments have been corrupted by an incredibly powerful industry into promoting compulsory vaccination, contrary to health and human and religious rights. Not to advance good health, but for profit & genocide. Official data and graphs may be manipulated to sell vaccines, but longer term graphs easily uncover this deception!

GENOCIDE & BIRTH CONTROL DRUGS.

Anti fertility vaccines have been made, involving the UN, WHO, Unicef, Rotary, NGO's and others and are misleadingly distributed as humanitarian aid! Vaccines laced with birth-control drugs (*HCG*) have been found in Mexico, Nicaragua, Philippines & Kenya, causing spontaneous abortion & sterility. Protocols targeted women only of childbearing age with up to five rapid shots. Kenyan Bishops are outraged and call for a boycott of the vaccine!

THE PROPER ROLE OF MEDICINE.

This is to find and prevent the root cause of disease and not to treat symptoms or fill the body with vaccines, chemicals, poisons and viruses. Injecting harmful substances and poisons into our bodies may have a very serious and harmful long term effect on the body and soul!

HAJJ & VACCINES.

Fatwa's against vaccines are mounting globally as scholars become wise to vaccine harms.

THE SAFE CHOICE IS TO SAY NO TO VACCINES NOW!

Muslim Health Watch, The Majlisul Ulama & the International Medical Council on Vaccination are asking for an urgent and open, scientific, medical debate on Vaccines & Vaccination. Thousands of western websites now expose and oppose the many harms, damage and death from vaccines, unknown to most doctors and the public at large.

DID YOU KNOW ?

We are giving our innocent children, harmful chemicals and poisons that destroy their natural immune systems, causing disease, suffering and death. All Muslim doctors, parents and scholars should be aware of toxic vaccine ingredients, and of the failed efficacy of vaccines. The **harm** is clearly **greater** than the benefit.

VACCINATION, A FATALLY FLAWED SYSTEM.

Vaccination is based on a long-discredited theory that stimulation of antibodies in the human body equals protection from disease. This theory has not only failed to be proved, but has been repeatedly disproved by many world doctors and scientists. See the *International Medical Council on Vaccination* www.vaccinationcouncil.org

MEDICAL SCIENCE TODAY OPPOSES VACCINES.

Unknown to most doctors and the public, a mountain of evidence has emerged in the West regarding the many serious health hazards, illness and death that affect those who have been vaccinated. Contrary to pro vaccine propaganda, long term graphs and official data clearly show that many diseases were declining well before any vaccines were introduced. And every time that vaccines were introduced, there has been an explosion of old diseases, and also new diseases that are far more virulent and deadly. But this data has been manipulated and concealed!

VACCINES & CHEMICALS CAUSE DISEASE & DEATH.

Chemicals and viruses in vaccines cause allergies, diseases, cancers, asthma, autism, sudden infant death syndrome (*SIDS / Cot Death*), autoimmune and neurodegenerative diseases. Many modern diseases (including *Polio*), are now believed to be caused by damage to the immune system, the nervous system and the cells due to vaccines and chemicals, fluoride, DDT, pesticides, toiletries and food additives etc. When combined, there may be a striking effect called **synergistic toxicity** that multiplies overall toxicity by a hundred fold or to unknown levels! Sickness may be quick (*as in SIDS*) or may take many decades to show (*as in cancer*).

HARAAM & IMPURITY IN MANY VACCINES.

This may include human foetuses, gelatine, pig, alcohol, animal and human parts, and many known poisons! These unclean substances are not even given in a state of emergency or to save life at present. It is ridiculous to introduce numerous infective agents into millions of people as a "just in case" prevention of future infection. It is very wrong that Muslim doctors, governments, rulers and scholars have accepted a medical intervention that may contain so many harmful and doubtful substances and nothing in return (*apart from delayed disease*). Each year, Meningitis vaccines with pig & cow substances are forced on millions of **Hajj Pilgrims**, with unknown viruses & bacteria!

ALLAH (GOD), THE CREATOR, THE DESIGNER.

Almighty Allah has organised for the destruction of most germs and viruses through a natural process of entry-and-defence via skin, mucous, cells and the stomach. But vaccines inject disease, viruses, poisons and filth directly into the body without crossing natural defence barriers. Overloading the body with infections and sub-infections will upset and destroy the natural immune system forever.

ISLAM AND THE NATURAL IMMUNE SYSTEM.

Breast milk contains Colostrum and numerous antibodies that give immunity to the child during the first few days after birth (*unlike formula milk which is a cocktail of many harmful and unnatural chemicals*). Islam advises breastfeeding up to two years and this also gives incredible immunity into the future. Medical studies evidence the amazing protection of breastfeeding against infections. The first two years of life are a crucial time for a child's body to develop a natural and mature immune system. But vaccines destroy this vital process!
