PICK 'N PAY'S HARAAM PIES WITH SANHA'S LOGO

ANOTHER SANHA HARAAM CARRION DEBACLE

SANHA'S FUTILE DISSOCIATION

SANHA's flabby dissociation from this latest haraam carrion debacle serves no valid purpose. Numerous Muslims who are addicted to devouring SANHA's halaalized carrion merely on the basis of the carrion logo, must have devoured the haraam carrion pies which were and are marketed with SANHA's logo. SANHA's tweet is laughable rubbish.

Even if it is accepted that SANHA did not halaalize the carrion pies, the fact that PICK 'n PAY outlets had the audacity to brazenly affix SANHA's carrion logo to the haraam pies speaks volume for the malpractices gone haywire. While this one incident has come to light, how many other similar carrion episodes remain undetected? And, how much haraam carrion and *vark* did the Muslim community devour over the decades on the strength of SANHA, MJC and NIHT logos? There should therefore be no surprise for the staggering degree of immorality and disease prevalent in the Muslim community.

Like a dog with its tail between its legs, SANHA sheepishly tweets: 'Report to SANHA'. Indeed it is ludicrous and laughable! The misappropriation of the carrion logo is fraudulent. The crime has already

Selected Pick n Pay stores have fraudulently used the SANHA Halaal logo on their recent 'Pie Promo'.

SANHA does not certify any PnP pies / bake-offs.

Kindly Exercise Restraint!

shoppers are requested to check whether the PnP store near u displays a poster with the SANHA logo at their Pie bake-off. Report to SANHA.

been committed. Others have discovered it, not SANHA. Muslims have devoured the haraam filth. This is the kind of moral and spiritual damage which the halaalization of carrion by the SANHA and others has all along been causing. It is *humanly* impossible to adequately police and supervise the thousands of kuffaar factories, plants and business outlets to ensure 100% adherence to the mock conditions stipulated in the mock certificates of deception. In fact, there never was Shar'i supervision, and it is not possible to establish such supervision and inspection. All claims in this regard made by the carrion cabal are despicable LIES designed to deceive and mislead Muslims.

In the interests of fairness we must say that Muslims who devour carrion on the basis of 'halaal' logos are worse than SANHA and the MJC. While these Carrion Halaalizers are chasing the haraam boodle, the Muslim devourers of the carrion are gratifying their nafs.

Even if today, SANHA should discontinue its haraam carrion halaalizing industry, the disease of carrion addiction will not allow the devourers to abstain from eating the carrion filth. Their blood is saturated with haraam. They are like drug addicts.

As long as Muslims do not totally abstain from consuming the avalanche of HARAAM carrion chickens and other carrion meat products halaalized by SANHA, MJC, NIHT, ICSA, etc. they will sink deeper and deeper into the quagmire of immorality. The brains and hearts of Muslims will remain corrupted. The Duas and ibaadat of those devouring haraam are not accepted. The damage and corruption are not restricted to the Soul. Carrion ingestion creates many grave diseases such as heart problems, diabetes, CANCER, etc.

Since carrion deranges the proper functioning of the intellect, Muslims fail to understand the ruin they are inflicting on their bodies and souls with all the carrion they are devouring. Only when a disease like cancer afflicts them, will their eyes open. But then it is too late. It is not expected of Muslims to descend to sub-dog level for the sake of relishing on carrion. Allah Ta'ala has created the Muslim as the noblest of His creation. It does not behove this Ashraful Makhluqaat (noblest of creation) to behave like vultures and shayaateen whose staple diet is carrion. Carrion chickens halaalized by SANHA, MJC and NIHT have become the staple diet of Muslims. May Allah Ta'ala guide Muslims who have enslaved themselves to shaitaan who has adorned his 'food' for them. SANHA's carrion is shaitaan's food.
