VACCINATION CONDEMNED

EYE-WITNESS ACCOUNT OF THE WORST PANDEMIC IN RECENT HISTORY

"DOCTORS KILLED THEM WITH THEIR CRUDE AND DEADLY TREATMENT AND DRUGS"

Below is an eye-witness account of supposedly the worst pandemic in recent history. While the inflated death toll of this current pandemic is said to be around 2 million, conservative estimates of the death toll of the Spanish flu range from 20 to 50 million worldwide, possibly superseding the number of fatalities in the first world war.

The author's assertion that the doctors were responsible for most of the fatalities can be easily corroborated and backed up by a large array of independent sources. If Allah Ta'ala grants Tawfeeq, a future article will prove this brutal reality beyond a shadow of a doubt.

Taking into account the fatality rates (below 1%) of the patients treated by practitioners of natural remedies, the pandemic was a wholly man-made disaster. It was a medical holocaust just like the current one. There was really no pandemic according to the word's true definition.

In the affluent countries, it was the doctors with their poisonous drugs and treatments who killed most of the people. In the colonized countries (e.g. India) the main cause was the brutality of the colonialists who had banned many natural remedies, replaced them with western drugs (e.g. aspirin), and carried out a mercilessly ruthless policy of exploitation which had rendered entire populations utterly impoverished, malnourished and helplessly vulnerable to diseases which in normal circumstances would have been barely noticeable.

Eat in moderation and only Halaal and Tayyib (wholesome and healthy) foods. Stay away from commercially-killed and battery-farmed chickens. Fast regularly. When needed, and if a reliable practitioner of natural remedies is available, then one may take recourse to treatment. A healthy immune system is a miracle of Allah's creation. It has the ability to neutralise all diseases. However, be always conscious of the fact that when the time for Maut arrives, then nothing in the world will be able to delay it for even a second.

At all times, stay far far away from western (allopathic) drugs. Allowing oneself to be administered with such drugs is akin to consuming poisons which are specially designed to temporarily alleviate certain symptoms whilst inducing other ailments which would themselves require treatment from other poisons, thus perpetuating a vicious cycle that can take many years of wholesome treatment to rescue oneself from.

What the Ulama-e-Soo deceptively label "tying the camel" is, in reality, strangling the camel with poisonously barbed wires the damage of which is purposefully designed to be conducive to (very) temporary alleviation - conveniently for the drug-dealers - by other toxic barbs.

If one is already ensnared by the western (allopathic) medical druggists and wholly dependent on poisonous drugs e.g. one suffers from asthma induced by vaccinations, analgesics (e.g. paracetamol) and other drugs, which can only be controlled by other money-making poisons such as inhalers, then one should immediately seek out natural treatments to wean oneself out of this vicious profit-driven cycle of poison-induced disease controlled by an endless series of disease-inducing poisons.

There are countless accounts of people having been able to successfully extricate themselves from this brutal money-driven racket of a "medical" system.

I WAS AN ON-THE-SPOT OBSERVER OF THE 1918 INFLUENZA EPIDEMIC

By Eleanor McBean

All the doctors and people who were living at the time of the 1918 Spanish Influenza epidemic say it was the most terrible disease the world has ever had. Strong men, hale and hearty, one day would be dead the next. The disease had the characteristics of the black death added to typhoid, diphtheria, pneumonia, smallpox, paralysis and all the diseases the people had been vaccinated with immediately following World War 1.

Practically the entire population had been injected “seeded” with a dozen or more diseases — or toxic serums [i.e. vaccinations]. When all those doctor-made diseases started breaking out all at once it was tragic.

That pandemic dragged on for two years, kept alive with the addition of more poison drugs administered by the doctors who tried to suppress the symptoms. As far as I could find out, the flu hit only the vaccinated. Those who had refused the shots escaped the flu. My family had refused all the vaccinations so we remained well all the time. We knew from the health teachings of Graham, Trail, Tilden and others, that people cannot contaminate the body with poisons without causing disease.

When the flu was at its peak, all the stores were closed as well as the schools, businesses — even the hospital, as the doctors and nurses had been vaccinated too and were down with the flu. No one was on the streets. It was like a ghost town.

We seemed to be the only family which didn’t get the flu; so my parents went from house to house doing what they could to look after the sick, as it was impossible to get a doctor then. If it were possible for germs, bacteria, virus, or bacilli to cause disease, they had plenty of opportunity to attack my parents when they were spending many hours a day in the sick rooms. But they didn’t get the flu and they didn’t bring any germs home to attack us children and cause anything. None of our family had the flu — not even a sniffle— and it was in the winter with deep snow on the ground.

It has been said that the 1918 flu epidemic killed 20,000,000 (estimates vary) people throughout the world. **But, actually, the doctors killed them with their crude and deadly treatments and drugs. This is a harsh accusation but it is nevertheless true, judging by the success of the drugless doctors in comparison with that of the medical doctors.**

While the medical men and medical hospitals were losing 33% of their flu cases, the non-medical [i.e. those that used natural remedies] hospitals such as BATTLE CREEK, KELLOGG and MACFADDEN’S HEALTH-RESTORIUM were getting almost 100% healings with their water cure, baths, enemas, etc., fasting and certain other simple healing methods, followed by carefully worked out diets of natural foods.
