HORRENDOUS SLAUGHTER OF MUSLIMS IN BURMA

BRUTAL BUTCHERY CONTINUES CURRENTLY BY THE FILTHY HANDS OF THE IDOL-WORSHIPPING BUDDHIST MONKS, BUDDHIST MASSES AND THE EVIL MILITARY RULERS

Even animals are not slaughtered in the manner in which Muslims are being butchered currently by the Buddhist idolaters in Burma (Myanmar). Pillage, plunder, rape, murder and destruction have become the order of the day for the unfortunate Muslims of Burma where a whole population is being exterminated – a process which has been in progress since the past few decades.

Burnt and mutilated Muslim bodies are stacked up in heaps for the public to view. Carpets of decomposing Muslim bodies are spread out in the open. Muslims, even baby's, are flung from buildings into fires and on to the streets. Wretched idol-worshipping Buddhist 'monks' with pistols in hand are murdering unarmed Muslims with the connivance of the security forces. Babies are roasted in fires. Muslim properties are being torched.

Whilst the brutal massacre of Muslims is taking place at the hands of the Buddhist mushrikeen, Muslims here and elsewhere are indulging in ogres of merry-making functions, waste, reckless unconcern, haraam kuffaar sport, and even wine and dine functions. The hearts have become fossilized and cannot spare even a moment or a thought for sincere Dua.

Whilst there is NOTHING – NOTHING – ABSOLUTELY NOTHING we humiliated and transgressing Muslims can do to aid our brutalized brothers, mothers, sisters and children, we are expected to at least expel all the haraam from our lives and in the middle of the night supplicate with aching hearts to Allah Ta'ala to send His Nusrat (Aid), and to extricate this miserable, disobedient Ummah from the quagmire of shaitaaniyat (Satanism) and the drunken stupor of nafsaniyat in which it is sinking to its destruction.

□ □

“And, when We intend to destroy a people, We command its affluent ones – Then they indulge recklessly in immorality. Then the decree (of punishment) is confirmed for them. Then we utterly destroy them.”

(Al-Israa', Aayat 16)

A WARNING: □ The extent to which the South African Muslim community –its masses and its molvis and sheikhs – is recklessly indulging in sin, evil and immorality, is a sign of Allah's Athaab looming over our heads. When the axe falls, it will be Burmese-style. May Allah Ta'ala save us from the evil of our nafs and the brutality of enemies.
