

THE HARAAM CARRION ADDICTION OF MUSLIMS

A Maulana from Durban lamenting the evil carrion addiction of Muslims, writes:

It is no secret that the greater Muslim community, especially those who holiday at coastal areas of our country, eat what is commonly known as 'Take out Food' and at food outlets owned by Muslims.

Here in Durban, almost every 'holiday maker' , with his family in tow, is seen merrily and most joyously eating at these'Muslim' owned restaurants. And they eat like they have been starving for centuries!

What is more, even the so-called 'Molvis', 'Muftis', 'Qaaris', Tableeghi Jamaat brothers, and the like, actually make up the majority of these people. It is such a sickening sight, women clad in full Hijaab, Cloaks and Scarves, young and old, including quite a few of these gluttonous, huge bellied 'holiday makers' being pushed on wheelchairs, walking with the aid of sticks, almost falling down Daari Waalas, Hijaab Waalis, waiting to be seated at these restaurants.

The so-called Molvis, Muftis, Qaaris and Hafiz Saabs, like a sorry looking bunch of misfits, openly handling their wives, running around like a flippin bunch of seriously affected mad fellows that escaped from a mental sanatorium. Laughing in such high pitched voices that would shock even Iblees!

The recent Kuffaar 'festive season' was but a shameless example of what happens on the 'Golden Mile' of Durban's coastline, from a place called 'Blue Lagoon', all the way down to a place called 'Ushaka Marine World'. Almost everyone knows that when a person, addicted to

drugs, alcohol and other Haraam, mind bending substances, does not get the required Haraam 'stuff', he/she suffers from 'withdrawal symptoms', causing the individual to behave in an inhumane manner, not too different from a mentally ill person, or even worse.

Is the behaviour, to put it mildly, of these 'holiday makers', as well as the locals, not well beyond INSANITY?

Furthermore, Br. Ahmed Ilyas's recent incident with Mr Chohan (Chohan's Spices' regarding the Shaitaani Cartel, Sanha, MJC, ,ICSA, ,NIHT, to mention just a few Shayaateen, has, at the least, brought out an OPEN admission that, with the Chohan fellow being a JAAHIL, the ACTUAL fitnah, fasaad and serious misguidance of the local Muslim community is none other than 'Darus-Shaitaan', masquerading as the messiahs of this Ummat.

Wallaahi! These Dajjaals of Darus-Shaitaan (darul-ihsan) have, and still are, setting up, with a great amount of fervour, zeal and spirit, the STAGE required for the emergence of Dajjaal!

COMMENT

Once Imaam Abu Hanifah (Rahmatullah alayh) and Imaam Ibnul Mu'tamir (Rahmatullah alayh) were speaking in very soft tones in the Masjid. Then they wept profusely. After they emerged from the Masjid, they were asked the reason for their weeping. Imaam Abu Hanifah (Rahmatullah alayh) said: *"We look at the age and we see the domination of the Ahl-e-Baatil over the Ahl-e-Haqq, hence we wept."*

In 1964 during our Student days in Jalalabad, we observed this very same scenario being enacted by Hadhrat Masihullah (Rahmatullah alayh). This writer was alone with Hadhrat when he broke down in uncontrollable sobbing. After Hadhrat had regained his composure, this servant labouring under the impression that he had said or done something to cause grief to Hadhrat Masihullah, apologized profusely. Hadhrat Masihullah (Rahmatullah alayh) putting me to ease said that the reason for his sobbing was the debased and degenerate condition of the

Ummah. The scene of the Ummah's corruption had suddenly flashed in front of him, hence his grief.

That (i.e. Imaam Abu Hanifah's sobbing) was about thirteen centuries ago during the era of *Khairul Quroon*.

What should we expect in this satanic age in close proximity to Qiyaamah? The evil and villainy of the masses and the fisq, fujoor and dhalaal (deviation) of the ulama have multiplied manifold. This deluge of fitnah and vice is set to increase. Things will not become better.

The evil you have observed and described is set to increase until it reaches its peak when Allah's *Athaab* will strike swiftly and dreadfully. Muslims by far and large, today are remaining Muslim only because they were born in Muslim homes. But the reality is that in their hearts they are not Muslims. They are zindeeqs and munaafiqs.

Our obligation is to only proclaim the Haqq. The preponderance of filth and scum and the decrease and disappearances of the Ahi-e-Haqq is by Allah's decree. There is no cure for a terminally diseased community other than the *Athaab* of Allah Azza Wa Jal. An errant and miscreant community brutally pillaging and plundering the Deen will most assuredly be brutally plundered and pillaged by Divine Wrath and Allah's *Athaab*.

The scenes of fisq and fujoor and the gluttonous consumption of carrion halaalized by Devils posing as 'ulama', and the play and amusement in which this doomed community revels come within the scope of the Qur'aanic Aayaat:

"Do the people of the towns feel confident about Our punishment during the night whilst they are asleep? Do the people of the towns feel confident about Our Punishment during the day whilst they are indulging in play? What are they confident about the Scheme of Allah? It is only a

people who are losers who are confident about Allah's Plan (of Athaab)."

The fussaag, fujjaar and the mudhilleen molvis are lost in their drunken stupor of villainy, vice and immorality. They are all so confident that Allah Azza Wa Jal is turning a 'blind eye' on their Satanism. They feel confident that the *Athaab* of Allah Azza Wa Jal with which we and the Qur'an repeatedly remind them, are mere fairy tales. They feel snug in their current relative 'safety' and in the bounty of wealth. They will continue in this state of drunkenness until they are apprehended by their snouts.
