Amina wadud, the American shaitaanah

THE ENVOY OF KUFR AND SATANISM

Some *Munaafiqeen and Murtaddeen* masquerading as Muslims have invited the ambassador of Iblees La-een to pollute South Africa with her presence. It appears that these munaafiqeen are labouring under the stupendous misconception that Amina Wadud, the American Dajjaalah, will be a feather in their cap in their abortive struggle to get the Kufr so-called 'Muslim' Marriages

Bill legislated.

The Muslim community should understand that in living history there has not appeared such an incorrigible *Kaafirah* of the likes of this munaafiq, Amina Wadud, whose kufr surpasses the kufr of Fir'oun, and whose nifaaq is worse than the nifaaq of Ubay, the leader of the munaafiqeen during the age of Rasulullah (sallallahu alayhi wasallam).

Her coprophillic views of glaring kufr are so repulsive to Islam and to Muslims that it is not expected of any Muslim who is a Mu'min at heart to listen to the kufr filth she gorges out against Allah Ta'ala and His Rasool. Her kufr is worse than the kufr of Rushdie who authored the *Satani c Verses*.

In today's era there is no greater

Shaitaanah

than this American

Dajjaalah.

She is one of the dajjaals of the series of dajjaals predicted by Rasulullah (sallallahu alayhi wasallam).

A number of lesser and small dajjaals will appear before the appearance of the great Dajjaal. The function of these small dajjaals is to prepare the ground and set the stage for the Ultimate Dajjaal who will be slain by Hadhrat Nabi Isa (alayhis salaam).

Insha'Allah, a detailed article explaining her kufr will soon be published. May Allah Ta'ala save the Imaan of the unwary and the ignorant. Just as it is haraam to sit as a member of an audience listening to the preaching of Iblees, so too is it haraam to lend an ear to the filth and kufr of this American Dajjaalah.
