

The *Nifaaq* (Hypocrisy) and *Kufr* (Rejection of Imaan) of the enemies of Islam lurking in the folds of the community are deep, subtle and orchestrated by external kuffaar handlers who are the masters of these spineless *murtaddeen*

masquerading as Muslims. One of their most important cogs in the conspiracy to undermine and destroy Islam is the employment of moron aunts who have been placed in charge of satanic feminist movements aimed at the 'liberation' of Muslim women from the Shariah.

They subtly indoctrinate ignorant and unwary Muslim women with the idea that Islam is a 'misogynist' religion which has no place in this 'enlightened' era of 'democracy'. They devilishly plot and scheme to peddle the idea that Islam has outlived its utility - that the Shariah as we have it today was meant for bygone times – that the Qur'aan teaches misogyny – that Rasulullah (sallallahu alayhi wasallam) and the Sahaabah were misogynists – Nauthubillaah!

Misogynism is the cult of hatred for females, if ever there was such a cult. The idea of misogyny presented by the munaafiqeen and these moron women with welded brains – welded to the kufr brains of their western masters – is in fact a plot designed to defame Islam with the objective of slackening the rigid and passionate bond which Muslims have with their Deen. Their basis for accusing the Qur'aan of propagating misogyny is the following commands of Allah Ta'ala:

- "Men are the rulers of women"
- "For men there is a rank above women"
- "If you fear their disobedience, then admonish them, abstain from conjugality, and beat them."
- The testimony of two women equals to the testimony of one man
- A man is allowed to marry four wives
- A woman's inheritance is half that of a man's.

They slander Rasulullah (sallallahu alayhi wasallam) by labelling him a misogynist because he said that:

- Woman was created from the crooked rib of Aadam (alayhis salaam)
- Most of the inmates of Jahannum will be women
- Women are generally ungrateful to their husbands
- If Sajdah for anyone besides Allah Ta'ala was permissible, he would have ordered the wife to make sajdah to her husband
- Women are *maaqisaatul aql* (deficient in intelligence)
- "O Woman! Look! Verily, he (your husband) is either your Jannat or your Jahannum."
- "The curse of Allah is on a woman who is angry with her husband."
- "The Salaat of a woman whose husband is angry with her is not accepted..."
- "It is not permissible for a woman to fast (Nafil) while her husband is present except with his permission."
- "A woman who applies perfume and passes by a gathering is like an adultress."

The Shariah is accused of promoting misogyny because all the *ahkaam (laws)* pertaining to females are in fact codification of the laws stated in the Qur'aan and Sunnah. Since the munaafiqeen are unable to openly and directly assault the Qur'aan and the Holy personage of Rasulullah (sallallahu alayhi wasallam), they direct their slanders and accusations intended for the Qur'aan and Sunnah to the Ulama who propagate and guard Islam. Since the Ulama are the Shields protecting Islam from the onslaught of the munaafiq and murtad morons, they are subjected to the slanders and attacks which are intended for the Qur'aan and Rasulullah (sallallahu alayhi wasallam).

The hypocrite enemies of Islam professing to be Muslims, equate the divine order of male superiority to abuse of women. The kufr idea of gender equality has been vomited into the mouths of the munaafiq morons by their western bosses and mental slave masters. Thus, every tenet of the divine Shariah which does not conform with the najaasat of western kufr is interpreted to mean 'abuse' against women.

These morons with the density of their brains are unable to understand that disparity in status is not abuse. Such disparity exists in all societies, including the western cult which conspires to destroy Islam. In every sphere of life there exists disparity in ranks and status. No society is free of discrimination of some kind. In fact, it is impossible for the world to function on an orderly basis without discrimination and difference in ranks and status. Despite the superiority of man in Islam, and in all civilizations which have escaped the marauding of the satanic western civilization, Rasulullah (sallallahu alayhi wasallam) said:

- "Paradise lies under the feet of your mother."
- "The Mu'min husband should not harbour enmity for his wife. If he dislikes something in her, then surely, he will be pleased with another quality in her."
- "The Mu'min with the most perfect Imaan is one who has the best character and who is the kindest to his wife."
- "Be kind to women, for verily, they are your prisoners..."
- Despite the Qur'aan Majeed expressly permitting beating of women as a last resort to rectify her obstinacy and to save the marriage, Rasulullah (sallallahu alayhi wasallam) said: "Do not assault her and do not abuse her." Thus, the charge of 'abuse' and 'assault' which the morons hurl at the Qur'aan for permitting light beating is baseless and outright kufr.
- "The best of the benefits of the world is a pious woman."
- "Fear Allah regarding women, for verily, they are helpless (in your custody).....Verily, you have taken them (in marriage in your custody) as an Amaanat and you have made them lawful (for marriage) with the Word of Allah....."
- "The noblest of you are those who are the noblest to their families (wives and children)...."

- "Allah loves a man who cartresses his wife. Both of them are rewarded because of this loving attitude, and their rizq is increased."
- "When a man enters his home cheerfully, Allah creates an Angel who engages in Istighfaar on behalf of the man until the Day of Qiyaamah."
- "The love which Nikah generates for the husband and wife has not been seem."

The Ahaadith are replete with commands and exhortations of kindness to women. Does all of this indicate misogyny? Undoubtedly, Islam is a patriarchal law and culture. Patriarchy is the natural Law created by Allah Ta'ala for mankind. But patriarchy and superiority of rank are not synonymous with abuse, injustice and cruelty as the munaafiq morons and gender equality mob are insidiously propagating. While the morons, munaafiqs, murtads and zindiqs desire to eliminate the Shariah, Allah Ta'ala says in the Qur'aan Majeed:

THE MUNAAFIQ MORONS ACCUSE RASULLULAH AND THE QU'RAAN OF MISOGYNISM

“They conspire to extinguish the Noor (Deen) of Allah with their mouths while Allah intends to complete His Noor although the kaafiroon detest it.”
