THE MOON DEBACLES OF THE NNB jamiat and BOGUS 'uucsa'

Moon debacles, especially at the time of Ramadhaan and Eid have become a perennial phenomenon. When the Shariah is assigned a secondary role, and false and vain desires and objectives are accorded preference and priority, the inevitable consequence will be a debacle in terms of the Shariah.

Allah Ta'ala has ordained a simple – extremely simple – method for the determination of the Islamic months. That method is to simply sight the *Hilaal* (the Crescent Moon) and end the existing month to commence the new month. To confirm a sighting is also quite simple. The Fuqaha have explained in detail the requisites for this simple process.
