“VERILY, THE SQUANDERERS ARE THE BROTHERS OF THE DEVILS.”

(QUR’AAN)

In this era, the Qur’aanic designation of *“Ikhwaanush Shayaateen”* (*Brothers of the Devils*) applies primarily to the *murtad* king or crown prince, Bin Salman, of Saudi Arabia. The Qur’aanic designation also brings within its purview the other Devils in the U.S. surrogate Gulf states.

The *New York Times* reports that Bin Salmam, the big brother of Iblees, has purchased a \$500 million (a billion rands) second hand 440-foot yacht while holidaying in France. The former owner is a Russian.

Confirming his kufr, this Brother of the Devils, also purchased a painting of shirk (of Christ) for \$450 million.

The satanism and kufr of the Saudi population are conspicuously mirrored in their *murta d* ruler. Rasulullah (Sallallahu alayhi wasallam) said:
“Your deeds are your rulers”

There is no Deen left in Saudi Arabia. The writing is on the wall for the destruction of the Saudi regime and therefore the punishment of the flagrantly transgressing people. The surest sign is their reckless and satanic squandering of wealth, their zina, fisq, fujoor and even kufr. Their lifestyle is deplorably and appallingly obscene. Depicting the prelude of Allah’s Athaab for a people, the Qur’aan Majeed states:

“When We intend to destroy (the people of) a city, We command its affluent (transgressors), then they (recklessly) indulge in fisq (immoral debauchery). Thus the decree (of Athaab) becomes established. Then We utterly destroy it (the city with its people).”
