ANSWER

The so-called 'ulamah' shura council is a moron-jaahil council. These morons do not know how to spell even the word 'Ulama'. The addition of an *h* at the end of the word is a display of their *ja haalat*.

These so-called 'ulamah' are linked to a shaitaani medium, hence they too are agents of Iblees. The 'Hajj Badal' programme is a money-making, merrymaking stunt. The 40 chaps earmarked for this haraam stunt will be sent on a lucrative holiday which will be very profitable for the organizers.

The R10,000 will be a waste down the drain. Ibaadat cannot be commercialized as these shaitaani morons have schemed. Their stunt in addition to commercialization of Ibaadat is a mockery of the Hajj Ibaadat. It is not permissible to participate in this canned commercial 'hajj' programme.
