

Is Tariq Jameel a Scholar of the Deen or a Secular and Liberal Thinker?

The Shameless Speech of Tariq Jameel at the Supreme Court Conference

In supporting the venture of the liberal and secular chief justice, Saqib Nisar's two offspring, Tariq Jameel has deviated from the Qur'aan, Sunnah and Islamic History and Culture. *(Liberalism is kufr. It is a western kuffaar ideology renouncing the existence of The Creator and abrogating morality. It spawns immorality, fisq, fujoor and kufr.)*

Tariq Jameel was made to sit in the 3rd row of the conference. In modern states an Aalim of the Deen is not thought worthy of being given a place in the first row. He will invariably be assigned to a third class status. An Aalim of the Deen will always be seated in the 3rd

line. It is lamentable that Tariq Jameel is happy with this 'honour'.

(A spineless bootlicker of the kuffaar has no conception of self-respect and honour, hence he derives elation from the third class status which his secular masters assign to him. Even the secularists whom this Dajjaal praises and bootlicks, despise him. No one has a liking for a contemptible bootlicker. Tariq Jameel Dajjaal is the epitome of bootlicking.)

The Tablighi Jamaat should in future not invite Tariq Jameel to any gathering to deliver a talk. A molvi who is such a (*shameless*) supporter of liberalism does not deserve a place in the Masjid and Madrasah.

(The Tabligh Jamaat is set on the course of dhalaal –deviation – hence it woos a spineless jaahil, munaafiq of Tariq Dajjaal’s ilk. The Tabligh Jamaat is no longer concerned with the Pleasure of Allah Ta’ala nor with the Maqsad for which the Jamaat was established. It measures its success in terms of numbers. The Tabligh Jamaat bootlicks the Tariq Dajjaal bootlicker. The motivation of the Jamaat for its despicable act of bootlicking an agent of Iblees, is to draw numbers to their ijtimas. They are stupidly concerned with numbers. They believe that Tariq Dajjaal by means of his deception is able to draw crowds, hence they have incorporated this miserable Ibleesi agent as a cog in their ‘tabligh’ programmes. The Tabligh Jamaat elders should hang their heads in shame. They have disgustingly betrayed the Deen and the Ummah.)

The foreign dignitaries and scholars in the conference clapped hands at every nonsensical comment of Tariq Jameel. They were astounded that “a molvi could be so liberal, secular and ‘enlightened’ like us!!!” (*His zandaqah -heresy and blasphemy- soothed their kufr palates. Clapping hands is among the outstanding features of the mushrikeen who clap their hands while they dance around their idols of shirk.*)

The talk of Tariq Jameel was not that of an Aalim of the Deen. (*He is not an Aalim of the Deen.*

He is an agent of Iblees promoting Satanism.)

It was in fact the talk of some puerile, ridiculous and vulgar boy.

(The Tariq Jameel character is a dajjaal, a munaafiq agent of Iblees.)

Even the chief justice and Imran Khan did not venture to speak such absurdities in regard to the question of population growth.

(His brain has been deranged by the najaasat of shaitaan, hence disgorging stupid absurdities and bunkum has become his profession.)

Tariq Jameel ridiculed men and women of the rural areas. This miserable Jameel saheb does not even know the difference between the Islamic meaning of ilm and the western terms of education, knowledge, and information. He is neither acquainted with the East nor with the West. Imaam Shaami (Rahmatullahi alaih) has written for Muftis that a person who is unaware of his times and the people of the times, such a person is in fact a *jaahil*. *(Tariq Jameel Dajjaal is worse than a jaahil. His jahl is compounded with kufr.)*

It is regrettable that such characters are representing the Ummah. *(He does not represent the Ummah. How is it possible for a Dajjaal to represent the Ummah? The illusion of being a representative has been created by the juhala of the Tabligh Jamaat who have granted him a pedestal. In so doing, they earn the Wrath of Allah Azza Wa Jal.)*

It is clearly discernible that Tariq Jameel is embarrassed at the history, education, and culture of Islam, whilst he is exceptionally and exceedingly influenced and enamoured by the west. *(This attitude is the natural effect of bootlicking.)*

Tariq Jameel does not even know that a welfare state was never established with the ritual cultures of the world. The welfare state of the west has been built on interest, bonds, tax, and capitalism.

Tariq Jameel has not read a single book on this subject. He salutes this welfare state of Imran Khan which is 'progressing' on the back of interest bearing loans from China, Saudi Arabia, America, and Malaysia. To designate a state operating on the basis of interest Madinah, is the heights shameless impudence. *(Tariq Jameel Dajjaal is a notorious bootlicker of the West, of the Shiahns and of the people of wealth. He totally lacks in even the understanding of rudimentary requisites of a political state. In fact, he is a jaahil as far as even the rudimentary requisites of Imaan are concerned, hence he dwells in a state of compound kufr.)*

Shahzad Rai sang at the conference with music in accompaniment and the height of Tariq Jameel's Deeni honour and integrity was that he remained seated in his place. Was this what Islam waited for? *(Music will be a primary trap of the Chief Dajjaal, hence the small dajjaals such as Tariq Jameel promote music. His sitting through the music session is thus not a conundrum nor is it surprising. It is entirely expected of a dajjaal.)*

The method of family planning outlined by Tariq Jameel is that all women should be provided with secular education to enable them to become progressive. It is obvious that when a woman acquires secular education then she will take up employment and she will discard child-bearing. This is the same solution which the chief philosopher of liberalism, John Rawls proffered in his last book, *The Law of Peoples*. There is no difference between the ideology of Tariq Jameel and the philosopher of liberalism.

(The Tariq Dajjaal has no ideology. His jahl-e-muraqqab – compound ignorance – does not permit him to formulate an ideology, be it a kufr concept. What the jaahil excels in is bootlicking. He laps up the vomit disgorged by those whom he bootlicks, then presents his own stupidities in support of the ideologies of kufr.)

Rawls wrote that a woman should be given education and human rights, and masculinized. *(This kufr has become the 'ideology' of Tariq Dajjaal).*

The chief justice and Tariq Jameel should read the following books dealing with the topics of progress, TV, and development:

1. The Development Dictionary
2. The History of Development
3. The Culture of Cynicism
4. Unplanned Revolution

The world is awash with articles on the harms of dams. Dams are the cause of drought, epidemics, ecological pollution and malaria.

There is work on Small Scale Water Management. But our chief justice is promoting all over the country discarded technology. Germane to this he should read the book: *Silence Reversed*.

The chief justice knows nothing about dams, whilst Tariq Jameel has no inkling about the purport of Population Planning. The two of them should learn to say: *"I do not know."*

Before projecting oneself as the guide of the Ummah, educate yourself in current affairs. After studying the abovementioned books it is hoped that the two gentlemen are constrained to repent over their liberal views. N.B. A detailed response will be forthcoming.
