SALAAT AT OUR MUSJID IN TONGAAT WILL BE IN FONG KONG STYLE. WHAT SHOULD WE DO?

A Musalli of the Tongaat Masjid writes:

With the concession for the masaajid to open comes a list of restrictions and measures

I spoke to our imam this morning he says the trustees seem to want to enforce the social distancing in the fard salaah as well. Along with face masks and alcohol sanatizers.

We have been performing all our salaah at a musalah from day one of the most the lockdown with Allahs help.

Should we refrain from salaah in the Masjid for now because of the 1m distance and continue with our salaah at the musalah?

Also is salaah with a face mask valid? If one uses an alcohol based sanatizer will his salaah be valid? And what is the status of salaah with 1m spaces in between the musalies? *(End of letter)*

DO WHAT THE SHARIAH DEMANDS OF YOU!

The only way of overcoming the villainy of the satanic clique of juhala is to oust them. If there is a sufficient number of musallis who are prepared to stand up for the Deen, then they should ignore the kufr of the evil clique controlling the Musjid.

Yesterday we published on our website guidances for the issue. If the musallis are unable to kick out the illegitimate clique of fools and devils, then it is best to perform Jamaat Salaat at home. Establish your own Jamaat even with one brother at home, but do not submit to the haraam acts of the vile clique of vermin who accord greater preference to the instructions of the atheists than to the commands issued by Rasulallah (Sallallahu alayhi wasallam).

Salaat with these kufr conditions is not permissible. Such Salaat must be repeated.

These scoundrels are actually crooks and dacoits. Someone asked Rasulallah (Sallallahu alayhi wasallam): *“When will be the Hour (of Qiyaamah)?”* Rasulallah (Sallallahu alayhi wasallam) said: *“When Amaanat (Trust) is destroyed.”* The man said: *“How will Amaanat be destroyed?”* Rasulallah (Sallallahu alayhi wasallam) said: *“When affairs will be assigned to unfit persons, then await the Hour.”*

These scoundrels to whom you refer as 'trustees' are actually the agents of shaitaan. They are signs of Qiyaamah. All over the Musajid are being controlled by agents of Iblees. Musallis should kick out these people of fitnah, and take control of the Musajid.
