THE BENEFITS OF FISH GELATINE

A Brother from U.K. writes:

A close family member had been suffering from severe acute arthritis pain in their knee for last 9 months and had tried various ointments, tablets, and braces.

Alhamdulillah, within a few days of taking Fish Gelatine, after reading the article in 'The Majlis,' the pain has subsided dramatically.

Apparently, Fish Gelatine from Italy is genuine and reliable but not so the imports from China.

(End of the kufr comment)

Who in the Ummah now doubts the *nifaaq* of these characters who take pride in licking the boots of the kuffaar?

demolition of Musaaqid is an ongoing project of Iblees.

The masses of Egypt who have desecrated the Musaaqid are the actual cause for Sisi's Musjid-Demolition Project. He is Allah's Punishment for the villain population which has practically abandoned Islam.

In South Africa, the villains who have initiated the Project of Musjid-Desecration which is the introductory stage for the later physical demolition, are the munaafiq, scoundrel molvis. They are the Reverend Abraham Bham, Taha Karaan and their cronies form bogus uucsa and Carrion MJC. May Allah's *La'nat* devour these agents of Iblees.
