

[THE HARAAM KHINZEER VACCINE & THE DHALAAL OF THE U.K. WIFAAQUL JUHALA](#)

A Sister in the U.K. explaining her communication with the UK Wifaaqul Ulama (*Wifaaqul Juhala*), a cartel of deviate bootlicking molvis, writes:

Asalaamu'alaikum wa'rahmatullah,

JazakAllahu khayra to whoever it was that spoke out against the evil works of Wifaqul Ulema.

I was hoping they would remove their public statement from their website and Twitter, but they haven't.

Very distraught, I contacted one of the Muftis who approved the use of vaccines. When I pressed him about the vaccines, he was extremely, extremely rude to me and told me I can't discuss anything with him, as I am not a mufti or anywhere near his level and I'm just a mere student of knowledge.

(The moron 'mufti' displayed his gross jahaalat and total lack of Imaani Akhlaaq. While he was

entitled not to discuss with you, it was incumbent for him to acquit himself like a Muslim and an Aalim if indeed he is one. But, his mannerism demonstrates that he is a jaahil bereft of true Ilm.

His Ilmi bankruptcy and total lack of Shar'i dalaal for having halaalized the potion of the Devil, the haraam pig-poison vaccine, highlight the deviation and corruption of the molvis of this outfit who according to the Hadith are 'a'immah mudhilleen' (molvis/imaams/sheikhs who mislead and misguide the Ummah. They pave the pathway to Jahannum with their zigzag, corrupt, bootlicking fatwas crafted to appease their atheist masters.

When an old lady objected to a mas'alah stated by Hadhrat Umar (Radhiyallahu anhu), he dismantled from the mimbar, commenting: "Everyone has more knowledge than Umar, even the old lady." He did not display jahaalat. His response was not an illustration of corrupt morals such as the exhibition of the wifaaqi molvi.

– The Majlis)

I am terrified about people trusting them and then suffering as a result. Muslim families and children who believe they are in safe hands are languishing in great deception.

These Muftis won't listen to anyone and have become "untouchable" it seems. (They do listen to someone, and that is Shaitaan Iblees Laeen. He is their guide. – The Majlis)

Wallahi! I don't recognise the Deen when I look towards them at all.

(Nothing but baatil and Satanism percolates from every aperture on their bodies. There is only zulmat darkening their faces. They have betrayed Allah Ta'ala, the Rasool and the Ummah. –The Majlis)

I am very worried, volunteers for the vaccine have died already and these Muftis are actually turning a blind eye - or will say it's not true because the media hasn't covered it. But the media wouldn't, that's the whole point.

If our own Ulema have ushered us to the slaughterhouse, who can we turn to? *(Muslims are under no obligation to follow these molvis who have become the agents of Iblees. Wjile they call you to the slaughterhouse, nothing compels you to answer the call of these shayaateen in human form. – The Majlis)*

I think I just wanted to reach out and feel comforted by the fact that not all Ulema think like this – walhamdulillaah”.

(End of the Sister's letter)

The vast majority, almost 99%, think 'like this', i.e. like the shayaateen. The Ulama-e-Haqq will always be a tiny minority. Stating this fact, Rasulullah (Sallallahu alayhi wasallam) said:

VACCINE & WIFAAQUL JUHALA
