

MONDAY 28TH JULY WAS NOT EID IN CAPE TOWN - IT WAS THE 30TH RAMADHAAN ACCORDING TO THE SHAAFI' MATH-HAB

Question: I am from Cape Town currently living in Durban. The rest of my family is still living in Cape Town. According to my family, the moon was not sighted anywhere in Cape Town, but the MJC accepted the sighting of Johannesburg. We follow the Shaafi' Math-hab, and according to what I have learnt is that Shaafis are not allowed to accept moon-news from further than 48 miles. Kindly inform us on this issue. My family is concerned about the Fast. Jazaakallah, Was-salaam

ANSWER

The MJC is a redundant, flotsam group whose primary profession is halaalization of carrion. They have no Deeni pedestal. They have no genuine relationship with the Deen. They hypocritically pose as Shaafis, but in reality are juhala dwelling in *jahl muraqqab* (compound ignorance). Theory Shaafi'ism is restricted to *Raf'ul Yadain* (lifting the hands in Salaat).

They are bereft of Deeni bearings. They are unable to distinguish between right and left, darkness and light, truth and falsehood for the simple reason that they are a conglomerate of Baatil. The Shariah has no meaning for them. Their jaahil counterpart in Johannesburg is the NNB Jamiat

(No Name Brand Jamiat of Fordsburg)

whose miserable chief is the Reverend Bham. These two entities are in an unholy alliance. By degrees they are nibbling at the framework of the Shariah. They are decidedly evil in the extreme.

MONDAY 28TH JULY, 2014 WAS NOT EID FOR SHAAFIS IN CAPETOWN OR ANYWHERE IN THE CAPE.

Your understanding of 48 miles is correct. According to the Shaafi' Math-hab, the sighting of Johannesburg, even if reliably confirmed, is not valid for Cape Town. It was haraam for Shaafi's in Cape Town to abandon Ramadhaan, and celebrate Eid on what was the 30th Ramadhaan in terms of the Shaafi' Math-hab.

But for these vile ulama-e-soo' who betray the Deen, of primary importance is the fulfilment of their nafsani and ulterior motives. They are not concerned with the Shariah. If they had any respect for the Deen and if they had possessed genuine Knowledge, they would not have committed the haraam blunder of accepting the announcement of the stupid NNB Jamiat's Reverend who is crazy about *hubb-e-jah* (*love for cheap name and fame*).

SHAAFIS IN CAPE TOWN SHOULD MAKE QADHA OF ONE FAST – THE FAST OF 30th RAMADHAAN WHICH THEY HAD MISSED DUE TO THE SHAITAANIYAT OF THE MJC.

The Shaafi' community in the Cape should not betray the Deen and act flagrantly in conflict with the Shaafi' Math-hab which does NOT permit acceptance of moon-sighting from Johannesburg,

Durban, Port Elizabeth, etc. The Shariah is not up for mockery and for meddling and peddling to satisfy whim, desire and ulterior motive. There is absolutely no need for the Shaafi' community to abandon the Shaafi' Math-hab for the sake of a satanically inspired false 'unity'. Islam does not advocate unity with baatil (falsehood). The MJC must be given the boot for all the baatil and haraam they are hoisting on to the Shaafi' community in the Cape.
