

NEWTOWN TARAWEEH KHATM IN 12 NIGHTS AND THE R20,000 WASTE

A Musalli of the Newtown Masjid in Johannesburg laments:

"I feel very ashamed sending this. The 2 regular imams performed taraweeh in the extension of the masjid, this has been happening for the last few years. Anyway the khatm was last night 28 June 2015. The congregation spent R20000 on food for the meal upon khatm when many millions are starving in our country is this correct?"

There is no need to comment much on this shaitaanīyat which has become the trademark of the ulama-e-soo'. Every thinking Muslim is able to understand the villainy of this satanic waste which has been organized in the name of the Deen, but for nafsaani gratification. In this era the Deen is being recklessly and brutally buffeted and manipulated to fulfil the lusts of the ulama-e-soo'. May Allah Ta'ala save the community from these devils in human form.
