THE MASSACRE AT MINA

THE EVIL STAMPEDE AT MINA – HUNDREDS TRAMPLED TO DEATH – HUNDREDS INJURED *THE CONSEQUENCES OF THE EVIL OF THE SAUDI REGIME AND OF THE EVIL IGNORANT MUSLIM MASSES* “SUCH IS THE APPREHENSION OF YOUR RABB. VERILY HIS APPREHENSION IS PAINFUL AND SEVERE.”

(Qur’aan)

Hundreds of Hujjaaj have today, the 10th Zil Hajj 1436 (24 September 2015) been trampled to death and more than a thousand injured in a stampede of the evil, ignorant masses at Mina.

Words fail to describe the horror of the consequence of the fisq and fujoor of the evil ignorant masses and the evil Saudi regime. In the name of the Ibaadat of Hajj, over 700 have died horrible deaths, and over a thousand have been injured by the abhorrent stampede of an abominable crowd of *juhala (ignoramuses)*. While the objective of proceeding to Makkah is to discharge the obligation of Hajj, these vile savages indulge in an orgy of mass murder by trampling people to death.

While the jaahil masses are responsible for the brutality enacted in the name of Hajj, the Saudi regime is equally culpable. Nothing can exculpate the *zaalim* Saudi regime from the massacre at Mina. Despite the Saudi regime having spent billions of dollars on renovations and improvements, and despite having created systems to monitor and supervise the flow of the crowds, and despite there being no logical reason for the stampede due to the vast improvements, the massacre took place.

Nothing can avert the Athaab (Punishment) of Allah Azza Wa Jal.

What has transpired today at Mina, is clearly the *Athaab* of Allah Azza Wa Jal. The regime and the evil masses are being punished by Allah Ta’ala for defiling the holy places with their flagrant sins (fisq and fujoor). The massive infrastructure upgrades costing billions of dollars,

did not avail. When Allah's Chastisement descends, nothing can avert it, as Hadhrat Nooh (alayhis salaam) said on the occasion of the Punishment of the Great Flood:

"Today, there is no refuge (no protection, no safety) against the Command of Allah, except for those on whom He has mercy."

This latest Divine Lash of Athaab comes hard on the heels of the recent devastating sandstorms, the collapse of a mountain in Makkah, the crane disaster and the gutting of three hotels by fire. All of this is merely the beginning of Allah's Athaab on a horribly corrupt and flagrantly transgressing people, and on a *zaalim (cruel)*, immoral, oppressive regime which is undermining Islam. It is the Sunnah of Allah Azza Wa Jal, to begin with, comparatively speaking, 'small' or 'lesser' punishment as a prelude to the massive

Athaab

which will leave the entire place and all people utterly pulverized and destroyed. Thus, the Qur'aan Majeed states:

"Most certainly, We shall give them a taste of the lesser Punishment besides the greater Punishment, for perhaps they may return (to obedience)."

(As-Sajdah, Aayat 21)

If the people and the Saudi regime fail to understand these Warnings from Allah Ta'ala, they do so at their peril of their complete annihilation. Issuing His Warning, Allah Ta'ala, further states in the Qur'aan Majeed:

"What! Are the plotters (perpetrators) of evil confident that Allah will not crush them into the earth, or bring upon them an Athaab from a quarter which they did not expect? Or that He will apprehend them in their activities. Assuredly they will not be able to (defy and) render helpless (Allah's Apprehension). Or, He will apprehend them upon (incremental) fear. Verily, your Rabb is Most Kind and Most Merciful (for those who heed His Warnings and reform themselves)."

(An-Nahl, Aayaat 45, 46, and 47)

Sometimes Allah's Punishment comes in instalments, that is, on an incremental basis in a variety of forms such as the recent sandstorms, then the crane-disaster, then the gutting of one hotel after the other, and now the massacre at Mina in which so far more than 800 have been killed, and more than a thousand injured. The figures of the casualties are still rising as reports come in.

It is imperative that the Muslim Ummah and the Saudi regime contemplate on the gradual, but incremental increase in the pattern of Punishment which Allah Ta'ala has created as a Warning and as a prelude for the greater Punishment which hangs over this Ummah.

In three very recent fires, thousands of people had to be evacuated from their burning hotels. In the crane disaster right inside Masjidul Haraam, over a hundred were killed. According to workers on the site, the regime has downplayed the actual figure. According to them, approximately a thousand people were killed in the crane disaster.

Then there was the sandstorm which ravaged the entire Middle East, especially Riyadh, the Saudi capital. Then, a few days ago, part of a mountain in Makkah collapsed. In the landslide homes were destroyed. No accurate figures are available for these disasters which are clearly tastes of Athaab on a small scale.

In Bukhaari and Muslim is mentioned the Hadith: *"Verily, Allah grants respite to the transgressor until when He apprehends him. Then he will not be able to escape."* On mentioning this Hadith, Rasulullah (sallallahu alayhi wasallam) recited the Qur'aanic aayat: *"Such is the apprehension of your Rabb when He apprehends (the people of) the cities when they are oppressive (in their transgression). Verily, His apprehension is painful and severe."*
