## KNOW WHO THE SHIAHS ARE!

For the safety of Imaan, it is absolutely necessary to be aware of the beliefs of the Shiah religion. Many ignorant Muslims have become entrapped in kufr by the propaganda of the Shiahs and their Bid'ati supporters such as Mr. Ninowy, Molvi Vanker of Durban and others of similar ilk.

Shi'ism is a religion apart from Islam. They have a doctrine called *Taqiyah (Holy hypocrisy)* which encourages them to conceal their true beliefs from Muslims in order to gain converts for their religion.

The cornerstone of Shi'ism is hatred for the vast majority of the Sahaabah, especially for Hadhrat Abu bakr, Hadhrat Umar, Hadhrat Uthmaan, Hadhrat Muaawiyah and Hadhrat Aishah (radhiyallahu anhum).

Shiahs believe that almost all the Sahaabah had reneged from Islam having become *murtadd* after Rasulullah (sallallahu alayhi wasallam) had passed away.

Shiahs accuse Hadhrat Aishah (radhiyallahu anha) of having committed adultery. Their slogan at some of their functions is: '*Aishah fin naar!*' (*Aishah is in the Fire!*). May Allah Ta'ala save us from such vile blasphemy.

Shiahs believe that Hadhrat Abu Bakr (radhiyallahu anhu), Hadhrat Umar (radhiyallahu anhu) and Hadhrat Uthmaan (radhiyallahu anhu) had usurped the khilaafat and robbed Hadhrat Ali (radhiyallahu anhu) of the khilaafat.

Shiahs believe that the Qur'aan which we have is false and fabricated. Since the first Compiler of the Qur'aan Majeed was Hadhrat Abu Bakr (radhiyallahu anhu) who, according to Shiahs is a *murtad-kaafir*,

the Qur'aan which was compiled under his instruction is false. More than two thirds of the Qur'aan according to Shiahs has been deleted by the Sahaabah.

Shiahs believe that the original Qur'aan is with their twelfth imam who at the age of 8 years disappeared into a cave with the original Qur'aan. He is still hiding and in hibernatin in the cave according to Shiahs. He will appear with the Qur'aan in proximity to Qiyaamah.

Shiahs believe that their imams are infallible, like the Ambiya, and even greater than most Ambiya.

Shiahs believe that their Imaams receive Wahi (Divine Revelation) just as Wahi came to the Ambiya (alayhimus salaam).

Shiahs believe that the fire-worshipper, Lu'lu who had murdered Hadhrat Umar (radhiyallahu anhu), is a great saint. They celebrate the occasion with great happiness.

Shiahs believe that their first and greatest Imaam, namely, Hadhrat Ali (radhiyallahu anhu), had concealed the true Qur'aan even when he was the Khalifah.

Shiahs believe that Hadhrat Zubair and Hadhrat Talhah (radhiyallahu anhuma) – two senior Sahaabah – are the inmates of Jahannam whilst Rasulullah (sallallahu alayhi wasallam) had included them among the Ashrah Mubash-sharah, i.e. the ten Sahaabah who were informed that they will be in Jannat.

Shiahs believe that any person who does not believe in any one of their twelve imaams is a kaafir. Imaamate is a fundamental article of belief of the Shiah religion just as belief in Nubuwwat (in the Ambiya) a fundamental article of belief of Islam.

Shiahs believe that obedience to their imaams is just as Fardh (Compulsory) as obedience is to Rasulallah (sallallahu alayhi wasallam).

Shiahs believe that the entire earth and the Hereafter belong to the Imaam who does with these as he pleases.

Shiahs believe that Rasulallah (sallallahu alayhi wasallam) had failed to adequately train and prepare the Sahaabah to assume to political leadership of the Ummah.

The Mujlisul Ulama of S.A. has authored a number of books on Shi'ism, which are available on request.
