## THE PLOT TO COLONIZE AND MONOPOLIZE THE KNOWLEDGE OF THE DEEN

### ***THE NNB JAMIAT IN A HARAAM EMBRACE WITH THE GOVERNMENT TO UNDERMINE THE DEEN***

The NNB Jamiat (i.e. the No Name Brand Jamiat of Fordsburg), fraudulently and deceptively using genuine UUCSA's name, is currently in bed, in an unholy embrace with HWSETA in a sinister plot to treacherously colonize and monopolize *Ilm-e-Deen* (the Knowledge of the Deen).

HWSETA (Health & Welfare Sector Education & Training Authority) is a government entity which governs and regulates education. The conspiracy is to bring all the Darul Ulooms and Institutions of Islamic learning under the influence, control and jurisdiction of the non-Muslim governmental authorities.

The NNB Jamiat has already treacherously betrayed the Deen, corrupted and contaminated the *Ilm* of the Deen at its madhouse so-called 'madrasah' where the Qur'aan and the Hadith have been made subservient to secular education. A scrap matric certificate doled out by atheists is an incumbent requisite for admission to the madhouse hybrid 'madrasah' of the NNB Jamiat. Now this treacherous sell-out – traitor to Islam – has taken a hideous step of kufr to further undermine Islam with its attempt to colonize and monopolize the Knowledge of the Deen with the aid of the non-Muslim governmental entity.

Fraudulently operating under the name 'uucsa', the treacherous (*Baaghi/Munaafiq*) NNB Jamiat is plotting to monopolize the dissemination of Islamic Knowledge; to fabricate a westernized curriculum and to have the final say as to who are Ulama. Obviously 'ulama' in the concept of

the

will be zombies who 'graduate' after doing a course of satanic study in which their brains and hearts will be enclosed in a straightjacket of such western liberalism which necessitates an interpretation which will kill the spirit of the Qur'aan and Sunnah. All the pristine

of the Shariah will be submitted to a western oriented concept of 'religion'.

An idea of the shaitaaniiyat envisaged by the NNB Jamiat Iblees, is the following ingredient taken at random from its draft curriculum:

1. 1. "Identify the specific legislation relevant to the rights of children and youth and describe this from an Islamic perspective; (Such as: Children's Act, Norms and Standards)
2. Identify and explain with examples the four pillars of the United Nations Convention on the Rights of the Child and relate this to the Islamic world view;
3. Identify violations of the rights of children and youth;
4. Indicate the actions that must be taken to deal with violations of rights from an Islamic perspective.

**Entry Requirements:** NQF Level 3 with English Communication

**Top Elements to be covered include:**

1. 1. Explain the rights and responsibilities of children and youth relevant to the Bill of Rights, .....

7. Describe social equality as it applies to the child and youth and is consistent with basic human rights and child rights;

*Identify violations of the rights of children and youth.*

*Identify and interpret the appropriate verses from the noble Quran relating to the principle Islamic beliefs.”*

The Students will be indoctrinated with the concepts of kufr, fisq and fujoor. There is a vast chasm between *rights* as expounded by islam and *rights* spawned by the brains of atheism and western liberalism. What compatibility is there between opposites which are mutually repelling?

The above are a couple of stupidities taken at random from a curriculum loaded with hogwash and drivel, “*full of sound and fury signifying nothing*” – signifying bunkum and humbug from the Islamic perspective. The hybrid kufr curriculum is an attempt to westernize Islamic Knowledge in a similar way as the kufr MMB (Muslim Marriages Bill) is an attempt to make the Shariah subservient to the kufr law of the country.

It is haraam for the Darul Ulooms to submit to this treacherous proposal which is a shaitaani plot to undermine the Deen by the production of zombie ‘ulama’ who will interpret Islam to suit the western palate. The plot of shaitaan is to fetter Islam to western thinking and interpretation, hence the agents of Iblees such as the NNB Jamiat has been co-opted to give practical implementation to the plot. HWSETA in its letter to some Darul Ulooms states:

*“The religious sector is a vast and dynamic sector, the HWSETA, identified and decided to develop occupational qualifications for four religious groups at this stage of the process.*

*The HWSETA engaged with the Christian, Muslim, Jewish and Hindu communities to develop qualifications for the religious practioner within these sectors.*

*From all the religious groups only the Jewish group did not commence with the development of any qualification.”*

In fact, the Jewish community has displayed sagacity and sound brains and has abstained from this venture to avoid compromising its religion. It should be noted that HWSETA **did not** engage with the Muslim community on this or any other issue. It engaged with a bogus entity which is fraudulently utilizing the name of genuine UUCSA. The NNB Jamiat of Fordsburg has thus deceived the HWSETA, and tricked it into believing that its bogus 'uucsa' represents the Muslim community.

Indeed, it is absolutely ludicrous and haraam for a Darul Uloom to submit to this plot and to compromise the Deen and its Ilm for whatever crumbs the authorities will dole out in lieu of purchasing the Soul of the Deen.

Insha-Allah, we shall comment further on this haraam alliance and plot in which the NNB Jamiat of Fordsburg fraudulently using the name of genuine UUCSA is satanically implicated.

The Ulama of the Darul Ulooms should not be so gullible as to fall victim to this pernicious conspiracy of Iblees. To allow the Ilm of Wahi and the system of Islamic Knowledge inherited from the Sahaabah to be regulated by a non-Muslim government is absolutely ridiculous and haraam.
