15 CATTLE FOR WASTING AND FOR THE TOILET IN THE NAME OF ISLAM

A misguided group in Roshnee has decided to slaughter 15 cattle to celebrate the merrymaking so-called 'dawah' function to be held at Nkandla. The 'dawah' function is conspicuously a merrymaking occasion of ostentation in which the components will be primarily haraam attitudes and activities - riya, israaf, hubb-e-jah, violation of Hijaab, intermingling of sexes, bootlicking, praising fussiaaq, picture-making, etc. All of this is the enactment of Iblees. And all of this haraam is being enacted in the name of dawah and Islam.

The miscreants of Roshnee are planning to squander about R150,000 of Lillah funds, to purchase 15 cattle for the merrymaking haraam occasion. This equates to a couple of tons of excreta which will be produced by the crowd devouring the meat and other artefacts of SANHA's carrion.

If the Roshnee clique had been in possession of sound Imaani brains, they will rather make up 500 hampers of basic/staple foodstuff and distribute it to 500 families in a squatter camp. In so doing, they would win hearts and also pave the path for valid da'wah. But the event in Nkandla will be nothing but a bootlicking, merrymaking function of waste and haraam. It is clear that shaitaan is the mastermind behind this haraam function.

IT IS NOT PERMISSIBLE TO CONTRIBUTE FUNDS FOR WASTE AND HARAAM ACTIVITIES. THE END RESULT OF THE CATTLE OF ISRAAF IS A COUPLE OF TONS OF NAJAASAT. THUS, YOUR LILLAH CONTRIBUTION WILL BE CONTRIBUTED FOR THE MASS PRODUCTION OF BAUL AND BARAAZ.

In a statement, the Roshnee chaps say: *"Please take this opportunity to please Allah."*

No one should be deluded by such statements of deceptive pontification. There is no

thawaab for haraam. On the contrary, the consequence of haraam is *Athaab*. There is overwhelming poverty and suffering all over the world. If these misguided fellows are indeed sincere in their monotonous and empty proclamations of 'dawah', they would not follow Iblees in such *Israaf*. They should open their eyes and look around to view the suffering of people, then their hearts will open, and they will then not plot to produce tons of excreta with Lillah funds.

Does intelligence not dictate that it is better to feed 500 families with basics to last a month than to produce tons of *najaasat-e-ghaleezah* at such a high cost (about R150,000) at a single merrymaking function? Those who may have been duped into believing that the event is a genuine Islamic occasion should buy essential foodstuff with their intended contributions and hand it personally to the poor. Such genuine generosity for Allah's sake rendered frequently, shall, Insha-Allah, pay lucrative dividends in the long term in the sphere of valid Da'wah. Rasulullah (Sallallahu alayhi wasallam) said:

“Give Sadqah to people of all religions.”

Besides Waajib classes of Sadqah such as Zakaat, Fitrah, Fidyah, Kaffarah, etc., Nafil Sadqah may be given to even non-Muslims.

It is our supplication that Allah Ta'ala guides Muslims and grants them the *taufeeq* to understand the folly and *shaitaaniiyat* into which the evil molvis are trapping them.
