BEWARE OF THE GULENIST SECULAR SCHOOL-CUM MADRASAH SNARES

The Turkish followers of Mr. Gulen who has been given protection and being harboured in the U.S.A. by the C.I.A. (Central Intelligence Agency), and who has amassed a fortune of billions of dollars, have set up innumerable secular school-cum madrasah outfits in almost every country of the world. President Erdogan, after the recent failed Gulenist *coup* plot, has closed down thousands of these Gulenist schools which are instruments of Iblees.

The 'islamic' education of these schools is merely a thin veneer constructed to infiltrate the Muslim community, and to deviate ignorant Muslims from Siraatul Mustaqeem. Even in South Africa, the Turkish Gulenists have established numerous of these deceptive 'islamic' schools. Ignorant, unwary and unsuspecting Muslims are attracted by the juicy baits which they dangle. Free education, free board and lodging, free meals for students and 'islamic' education with the high-sounding designations of Hadith, Tajweed, Seerah, Fiqh, etc. are the chimera dangled in front of Muslims to lure them into the Gulenist traps.

Understand and remember, that their 'islamic' education is a massive deception. It is in entirety devoid of genuine Islamic spirit and ethos. Just look at the appearance of these Turkish organizers of the Gulenist schools. They look more Yahoood and Nasaara than actual Yahoood and Nasaara. Look at their faces and their dress. Look at their modernist mixed gatherings of men and women. There is nothing Islamic about their 'islamic' schools.

Imaams and Trustees of the Musaaajid should not allow them to distribute their haraam pamphlets and literature at the Musaaajid. It is the Waajib duty of the Ulama to give bayaans in the Musaaajid to alert the Muslim community of the danger of the Gulenist schools. The silence of the Ulama is greatly assisting the Gulenists to become entrenched in our community here in South Africa in the same way as the Shiahs and Salafis have become entrenched.

The attitude of *ghaflat* of the Ulama is having disastrous effects on the Muslim community. The next generation of the Ummah will all be lost to true Islam in the wake of the entrenchment of the Gulenists, Salafis and Shiahs. They are all cancers in our community.
