THE STENCH OF ATHEISM AND MATERIALISM

Hadhrat Maulana Ashraf Ali Thanvi (Rahmatullah alayh) expressing his opinion regarding the Muslims of the city of Amritsar and Lahore (*which was still in India at that time*), said:

“I perceive the fragrance of Muhabbat (love for the Deen) emanating from the people (the Muslims) of Amritsar. But in Lahore, nothing but atheism and materialism are seen.”

That was 80 years ago. The condition of Imaan of Muslims, not only of Lahore, but of the world has deteriorated by leaps and bounds to enter into the realm of kufr. Today applies the Hadith narrated by Hadhrat Abdullah Bin Amr (Radhiyallahu anhu):

“A time will dawn when the people will gather in their Musaaqid and perform Salaat while not a single one will be a Mu'min.”

Today, they are gathering even kuffaar and prostitutes in the Musaaqid. The 'open day' Satanism initiated by professed 'Muslims' who are in reality munaafiqeen, also confirms the validity of the prediction of Rasulullah (Sallallahu alayhi wasallam). Rasulullah

Thus, the universal (aam) *Athaab (Punishment)* of Allah Ta'ala befalling Ummah all over the world should not be surprising. May Allah Ta'ala have mercy on us. May He grant Muslims the taufeeq for *Inaabat – to turn towards Him in repentance and with obedience.*
