### A MESSAGE FROM TANZANIA DEBUNKING THE COVID SHAITAANIYAT

A Brother living in Kenya sent the following message:

“Since the outbreak of the virus in March, we started reciting Dua-e-Qunoot in each and every Namaaz. Over here in Tanzania in East Africa, the only thing which helped us was Dua.

That is the only thing that helped us in Tanzania, a land of 70 million. No doctors and no medicine helped us. Only Dua – that’s all that helped.

We never closed the doors of the Mosques. Please Convey this message to all.”

### COMMENT

Tanzani has been blessed with an intelligent President who has the welfare of the people at heart. He is not a bootlicker like the glut of munaafiq molvis and sheikhs who have lapped up every filth and vomit effluvium discharged by the atheists.

## A MESSAGE FROM TANZANIA

He expelled the rogues and frauds of the United Nations who are prime role players in the pandemic conspiracy.

The Tanzanian President defied the pandemic doomsday call and prediction of the agents of Bill Gates. He kept the country open and did not buckle under the pressure of the world's conspirators. Whilst all the Musajid in Tanzania operated normally under the decree of the non-Muslim President, all the Musajid in every Muslim country were closed down by Munaafiq and kuffaar governments and Munaafiq molvis and sheikhs. All of them were following the conspirators of the west like monkeys. May Allah Ta'ala bestow the treasure of Imaan to the President.

Today western scientists concede the "*LACK OF CORONAVIRUS OUTBREAKS IN AFRICA*", and it has these scientists puzzled. Only those scientists who are unaware of the massive satanic plot underlying the bogus pandemic are puzzled. Nevertheless, the acceptance of the factual reality of the lack of coronavirus in Africa speaks volumes for the massive fraud that this pandemic is.
