

THE HARAAM VACCINATION FATWA OF THE JUHALA MUFTIS OF THE U.K. WIFAAQUL ULAMA

In a lamentably stupid ‘fatwa’ to halaalize the haraam vaccination treatment, the muftis of Wifaaqul Ulama of U.K., state the following baseless drivel:

“Thus in the light of the available data, official statement and clarification, we have concluded the Pfizer/BioNTech COVID-19 vaccine to be permissible for British Muslims.”

In this statement they have exhibited their *jahaalat*. Lamentably ignorant of what vaccines are and the deluge of harmful effects confirmed by innumerable western, kuffaar experts, these *mudhilleen* muftis have issued their stupid fatwa purely to bootlick the U.K. government. The molvis in U.K. have become notorious bootlickers of the government. They endorse almost every najaasat and haraam effluvium of the atheists and of the government.

They are shockingly ignorant of the evils and dangers of vaccines and the satanic vaccination treatment. They are too stupid to understand that the injection of filth and poison into the human body is HARAAM. Either they have deliberately ignored the harms and dangers of vaccination in their bootlicking appeasement of the government, or they are donkey-stupid in their failure to recognize the dangers of this satanic method of so-called medical treatment.

The molvis of this age have become proverbial for their lack of research. In fact, they lack the ability for in depth research of almost all subjects with which the Ummah is today confronted. Their *jahaalat* coupled with lack of fear for Allah Ta'ala, have driven them into the camp of the ulama-e-soo'. They are astray or more astray than dumb animals, and they mislead the masses.

Thousands of tracts, articles and books have been published by western experts to expose the dangers of vaccines and vaccination. The harms and poisons of the Pfizer vaccine have also been highlighted very recently. But, these juhala, haatibul lail 'muftis' have chosen to turn a blind eye and a deaf ear to this information, and they do so solely to appease and bootlick the government.

A deluge of reliable information on the filth, poison and harms of vaccines is available on the internet. Muslims should not allow themselves to be bamboozled by these bootlicking molvis and muftis whose objective is mercenary and the quest for name and fame and some haraam perks which they gain by issuing corrupt shaitaani fatwas.

The greatest destruction wrought to the Deen and the Ummah are by these molvis of the dunya. They sell their Imaan for the miserable gains of this dunya. The evidence for the harms of vaccination is glaringly conspicuous. In their silly fatwa they list 10 ten chemicals which are dubbed 'excipients'.

VACCINATION FATWA OF THE WIFAAQUL ULAMA

Written by Administrator -

These molvis, without understanding what all these chemicals are, what the harms are, and without even making reference to the many haraam ingredients of vaccines, blurt out their stupid fatwa of permissibility. It is unacceptable to believe that these muftis are not aware of the massive and intense argument pertaining to vaccines. But they opt to act like dumb devils by ignoring the dangers of vaccines. It is a calculated ignorance to appease and bootlick the government.

Vaccines are extremely dangerous substances consisting of poisons and filth of a variety of kinds. It is haraam to be vaccinated. It is also a violation of the constitutional rights of people to force them to submit to the vaccination torture – a torture which the dumb muftis of U.K. Wifaaqul Juhala have halaalized. They're all signs of Qiyaamah.
