## PEDLARS OF KUFR

Regarding the molvi/sheikh PEDLARS OF KUFR – the conglomerate of ulama-e-soo (vile scholars for dollars) – Rasulullah (Sallallahu alayhi wasallam) said: *“The Saalihoon will depart (from this world) one after the other (in quick succession). Then will remain only HUFAALAH (RUBBISH) like the chaf of dates or barley. Allah will have no care whatsoever for them.”*

All of these Pedlars of Kufr are Signs of the Impending Hour of Qiyaamah. The earth is proliferated by these characters polluted with kufr and nifaaq. This *Hizbush Shaitaan* is a conglomerate of munaafiqeen, zanaadaqah and fussiaaq, all of them being the bootlickers of kuffaar governments. They acquit themselves in total and disgusting subservience of the atheists. In the Ummah, these vile molvis/sheikhs have become the flagships for trading the covid plot.

They have exceeded all bounds of villainy in their satanic attempt to pillage and plunder the Allah’s Deen by effecting a hideous process of change and mutilation of the *ahkaam* of the

Shariah. Their very first targets in this pernicious process are the Musaaqid of Allah Ta'ala, which they have transformed into weird temples by the introduction of the covid protocols of the atheists.

With deceptive arguments adorned with Islamic rhetoric do they bamboozle and mislead the ignorant masses. They satanically utilize their ill-gotten 'ulama' status to browbeat the stupid masses into submission. We are in that phase of life on earth known as *Aakhiruz Zamaan (The End of Eras)* which heralds the Impending Hour of Qiyaamah. Thus we are witnessing the materialization of the predictions of Rasulullah (Sallallahu alayhi wasallam) pertaining to the proliferation of this dunya with the satanic fraternity of the ulama-e-soo'.

Muslims should open their eyes and intelligently apply their brains to understand the danger of the notoriety of these Pedlars of Kufr. They are in league with the Devil and are subtly displacing Islam with a KUFR ideology being traded under guise of Islam. Entrenched Fundamental and Sacred *Ahkaam* and even *Aqaaid* of Islam are subtly and conspiratoriously being changed, displaced and abrogated to lick the *najis* boots and hinds of their atheist masters.

Jumuah Salaat has practically been abolished by these Satanist molvis, juhhaal muftis and devilish sheikhs. The daily Waajib Jamaat of the Fardh Salaat has been banned or ludicrously contaminated with the haraam protocols of the atheists.

Wudhu which Rasulallah (Sallallahu alayhi wasallam) said is *Half of Imaan*, and which purifies the Mu'min from even sins, is disallowed at the Musaaajid. While these Pedlars of Kufr promote and wholeheartedly accept and submit to the kuffaar satanic hand-sanitizing with haraam substances with which they pollute the Musaaajid, the pure substance – water – which is the sanitizer Allah Ta'ala has created for us in all our acts of purification, is not allowed at the Musaaajid which happen to be under the control of this Legion of Iblees.

Muslims are not allowed to make wudhu in the Wudhu Khaanahs of the Masjid although Rasulallah (Sallallahu alayhi wasallam) said that on the Day of Qiyaamah, he will recognize Muslims from the wonderful glitter which will exude from their Wudhu limbs. This sacred Wudhu is regarded as a disease spreader by the Satanist molvis and sheikhs.

The Musaaajid which are the Houses of Allah Ta'ala from which calamities are diverted according to the explicit statements of Rasulallah (Sallallahu alayhi wasallam) are today said by this illegitimate mob of molvis to be '*super spreaders*' of the disease. These very Musaaajid which according to our Nabi (Sallallahu alayhi wasallam) are the "*Most Beloved to Allah*" have today become the most detested in the eyes of the *shayaateenul ins (human devils)*.

They have denigrated and degraded the Musaaajid while they have no criticism for the malls and abodes of trade and commerce which Rasulallah (Sallallahu alayhi wasallam) said are the most detested places to Allah Ta'ala.

While the Musaaqid are abodes frequented and occupied by Malaaiqah, these Pedlars of Kufr have converted Allah's Houses in haunts for mobs of devils with their haraam 'social distancing' acquired from their atheist bosses. The gaps are filled with shayaateen according to our Nabi (Sallallahu alayhi wasallam).

While Rasulullah (Sallallahu alayhi wasallam) explained the virtues of MUSAAFAHAH (hand shaking) and MUAANAQAH (embracing), these devil molvis brand these Masnoon practices as spreaders of disease. In obedience to their atheist masters whom they bootlick and backlick, they propagate against the Masnoon method of terminating Dua. According to these vile molvis, the hands should not be drawn over the face as taught to us by Rasulullah (Sallallahu alayhi wasallam). Rather we should adopt the ta'leem of the atheists who wallow in kufr and janaabat and in physical and spiritual impurities of all kinds. According to the atheists, Muslims should not supplicate to their Creator in the manner instructed and shown by Rasulullah (Sallallahu alayhi wasallam) because in their satanized brains touching the face is a disease spreader. And, these vile molvis and sheikhs endorse this kufr filth with vim, vigour and vitality.

Just imagine at the shockingly lamentable kufr! They say that making Sajdah spreads the disease even after 10 days. The spot on which the head rested in Sujood is a disease spreader according to these kufr mobster molvis. Therefore, have they removed the Musallas from the Musaaqid. They acquit themselves like Iblees who had refused making Sajdah when Allah Ta'ala command. Thus, they are following in the footsteps of Iblees.

In their vile ideology the Masnoon practice of *Tahneek* from the newborn baby is a disease spreader, hence is banned.

These Pedlars of Kufr corrupt even the beliefs of Muslims by propagating the very same contagious ideology which the Mushrikeen of Makkah had subscribed to, and which Rasulullah (Sallallahu alayhi wasallam) had explicitly and emphatically rejected as baatil.

The Pedlars of Kufr have diverted the focus of ignoramuses from Allah Ta'ala Whom they have totally excised from life's equation. They now believe that Allah Ta'ala is not the True Cause, and that Allah Ta'ala is not in control of developments, and that the bogus covid virus acts independently from Allah Ta'ala. These vile molvis have become hidden atheists. They subscribe to all the kufr theories of the atheists pertaining to this covid conspiracy. They lick up every kufr theory which the atheist doctors masquerading as Muslims vomit into their brains.

The Pedlars of Kufr do not believe that the moment of Maut is prescribed and decreed by Allah Ta'ala. They believe that the filthy poison known as vaccines can thwart Maut. They do not believe in the Qur'aanic pronouncement: *"No person will die but at the appointed time with the permission (command) of Allah."* Allah Ta'ala is fully in control. Sickness and death are at His command. To open our eyes and brains, the Qur'aan Majeed states:

*"And, not a leaf drops (from) a tree, but Allah is aware."*

The Maut of even a leaf is by the command of Allah Ta'ala. The leaf drops as a consequence of the direct intervention and decree of its Creator, Allah Azza Wa Jal. Yet these moron Satanist molvis of an illegitimate breed, by implication of their total subservience to the covid creed of the atheists are in denial of the irrefutable fact that the sickness which befalls a person and the

death which overtakes him is by Allah's command. It is NOT the action of the hallucinated covid phantom.

These Pedlars of Kufr despite masquerading as Muslims, also wallow in Kufr, and at the command of their atheist masters are hell-bent in their propagation of the theories of the atheists. They are subtly and gradually transforming Islam into a new satanic ideology in the same way as the Yahood and Nasaara have transformed Islam as it was handed to them by their respective Ambiya (Alayhimus salaam). It is no wonder that Rasulullah (Sallallahu alayhi wasallam) said that he feared these *Aimmah Mudhilleen – the Pedlars of Kufr* – more than even Dajjaal. This fear of Rasulullah (Sallallahu alayhi wasallam) should be more than adequate testimony for the villainy and satanism of these kufr peddling molvis, sheikhs and moron muftis who parade themselves as 'grand muftis'.

The disaster of the ulama-e-soo' has been predicted by Rasulullah (Sallallahu alayhi wasallam). Muslims therefore have to be alert and not ruin their Imaan by submitting to the satanic dictates of the molvi marauders of Imaan who plunder the Deen. Their objective is nothing but the dunya – monetary gain, name, fame, aggrandizement and whatever other satanic perks they may be deriving from their atheist masters and from governments whose advertising agents they have become, selling the covid wares of the atheists.

About these villains of kufr, Rasulullah (Sallallahu alayhi wasallam) said:

## **PEDLARS OF KUFR**

*“An age will dawn when nothing will remain of Islam but its name. Nothing will remain of the Qur’aan but its text. The Musaaqid will be beautiful ornate structures, but corrupt and devoid of hidaayat. The worst of the people under the canopy of the sky will be the ulama. From them will emerge fitnah, and the fitanh will rebound on them.”*

Understand and remember that under the canopy of the sky are also the Yahoood, Nasaraa, Fire-worshippers, idol-worshippers, pigs and apes. This legion of shaitaan – these vile molvis, sheikhs and muftis – are worse than all. May Allah Ta’ala save the Ummah from the satanic depredations of the Pedlars of Kufr.
