

23 Rabiuth Thaani 1433 – 17 March 2012

During the night of 11 March 2012, a group of about 20 drunken U.S. troops massacred in cold blood 16 Afghan women and children in their homes. In a desperate bid to cover up this cowardly act of heinous brutality executed by 20 drunk U.S.A. soldiers against unarmed women and children sleeping in their beds at 3 a.m., the U.S. military, NATO and Obama and his gang of murderers claimed that a solitary soldier perpetrated the massacre.

This despicable canard was fabricated in a desperate bid to placate the seething anger of the Afghan population. But, the facts are too glaring to conceal. A group from the parliament of the U.S. surrogate 'government' in Kabul, under extreme pressure of the Afghan people, instituted an investigation, and after spending two days, established the following facts:

- Up to 20 U.S. troops were involved in the massacre
- The U.S. murderers had formed two death squads to execute the brutal slaughter.
- Helicopters had assisted in the massacre
- The evil U.S. savages poured chemicals over the dead bodies and burned them.

Some accounts of the gruesome murders:

- "My mother was shot in her eye and face. She was unrecognizable."
- "Marines poured chemicals over dead bodies and burned them."
- "The Americans stayed in the house for a while. I was very scared, lying on the floor, pretending to be dead."
- "They were all drunk and shooting all over the place."
- "I saw a man, he dragged a woman by her hair and banged her head repeatedly against the wall. She didn't say a word."

The savagery, barbarity and brutal atrocities committed by Saudi Arabia's master, the U.S.A. break the heart of every Muslim, of course, excepting the treacherous lackeys who lick the boots the barbaric plastic 'superpower'.

Already, the ground is being prepared by the U.S. for the acquittal of the one barbarian who has to bear the 'brunt' to save the face of the U.S. military. In its orchestra, the U.S. has taken into its protection and flown out of the country the one savage, to prevent him from the wrath of the Afghan people. The U.S. is already claiming that this savage had 'snapped' because "he had suffered a mental breakdown"; "he had received body and brain injuries while serving in Iraq", etc. He was flown out of Afghanistan, first to Kuwait, then back to safety in Kansas, America. The stupid reasons proffered for his transfer for convincing stupid people are:

- "We do not have appropriate detention facilities in Afghanistan," Captain Kirby said.
- "Kuwaiti protests over the presence of the accused soldier within their borders had prompted the US to move him quickly to America."

Yet, the U.S. has "appropriate detention facilities" in Afghanistan for thousands of Muslims who have been abducted and who are being tortured at these vile, torture centres such as Bagram

airbase, etc. But for one U.S. murderer there is no 'appropriate detention facilities' although 130,000 U.S. troops are stationed in a variety of green-zoned barracks and fortifications in Afghanistan. As for the supposed Kuwaiti 'protest', this too is a miserable lie. With a huge American military base established in Kuwait, the imagined Kuwaiti 'protest' is a laughable stupidity.

Just recently, an American murder squad who had perpetrated the horrific murder of 24 Iraqi civilians, mostly women and children, also in cold blood, shooting them, was acquitted by the American judge in the U.S. despite the barbarians having pleaded guilty and the existence of a mass of evidence. Although the stupid prosecutor asked for a mock sentence of three months, the court declined and set the leader of the murder squad free whilst the others were also acquitted. All this savage justice was justified because the horrific crimes were perpetrated in "the fog of war".

In stark contrast, there is the Muslim sister, Aafiyah, a 50 kg woman, who was abducted and rendered to the U.S.A. She was tortured for five years in various U.S. detention facilities with no one knowing of her whereabouts. Her one year old baby was murdered on the very occasion they abducted her while her two other children went missing having also been abducted. The charge: grabbing a rifle from a U.S. soldier, and attempting to shoot him. Neither did she fire a shot nor was any U.S. barbarian shot/hurt. On the contrary, she was shot. Yet, the U.S. kangaroo court sentenced her to 86 years imprisonment.

Both these instances are fine specimens of the barbaric justice system of the U.S.A.

WILL THE HONOURABLE SHAIKH MAIQILY SOOTHE THE BLEEDING HEARTS OF THE MUSLIM COMMUNITY WITH A COMMENT ON THIS LATEST BRUTALITY OF SAUDI ARABIA'S MASTER –THE U.S.A? WILL THE HONOURABLE SHAIKH SPARE A FEW MOMENTS TO OFFER A DUA ON BEHALF OF THE 16 MURDERED RECITERS OF LA ILAHA IL LALLAHU MUHAMMADUR RASULULLAH ?
