

THE EGYPTIAN CONFLAGRATION ***A CONFLICT BETWEEN ISLAM AND KUFR***

The illegitimate ousting of President Morsi, the glut of massacres of members of Ikhwaanul Muslimeen, the banning of the Muslim Brotherhood and the general mayhem, turmoil and destruction perpetrated by America's surrogate Egyptian army and the kuffaar segment of Egypt's populace are all ingredients in an epic conflict and struggle between Islam and kufr. The conflict currently tearing apart Egypt is not an ordinary political fight for power. It is in reality a satanic conspiracy to extinguish Islam in Egypt. It is a plot in which the U.S., Israel, Saudi Arabia and the spineless, treacherous surrogate army of Egypt will miserably fail. Whilst these enemies of Islam are bent on eliminating Islam, the dastardly plot will be scuttled for the Qur'aan Majeed declares:

"They (the kuffaar – U.S., Israel and Saudi Arabia in the current context) plot to extinguish the Noor of Allah whilst Allah intends to complete (and perfect) His Noor although the kuffaar abhor it."

Since this dunya has been ordained by Allah Ta'ala to be the arena for the conflict between Islam and kufr – Haqq and baatil – there is nothing surprising in the unfolding of the events we are observing today in Egypt and elsewhere. The entire plot of anarchy in Egypt is an orchestration by the kufr Egyptian army acting at the behest of Israel, Saudi Arabia and the U.S.A. which obviously is the backbone of the tinpot surrogate statelings of Saudi Arabia and Israel. Minus America, these cardboard states have no independent existence. Today the Saudi regime has been driven by an insane fear into a haraam 'wahdatul wujud' embrace with the U.S. and Israel.

The despicable role of Saudi Arabia in the unholy and pernicious plot to wipe out Islam in Egypt is a clear sign of the Saudi regime's desperation. It is sheer desperation which has constrained the Saudi regime to clamour for the destruction of the Egyptian Ummah. The Egyptian Ummah of Islam excludes that segment of the population which has so treacherously and murderously campaigned and resorted to thuggery and murder motivated by their abhorrence for Islam. The only bone of contention and the rationale for having ousted Morsi was the name 'Islam'. The appearance of 'Islam' in an extremely diluted form in Morsi's constitution was intolerable for the kuffaar masquerading as 'Muslims'.

It should be noted that brand of Islam promoted by the Ikhwaanul Muslimeen is not the same as the orthodox Sunnah brand of Islam for which the Taliban are fighting in Afghanistan. Morsi's version of Islam is extremely 'mild' – in fact, baatil according to our understanding of the Deen. Nevertheless, even this extremely dilute form of Islam is unacceptable to the enemies of Islam, including Saudi Arabia. For serving its own treacherous agenda, the Saudi regime is prepared to stifle and annihilate Islam. The desperation displayed by the Saudi regime is the realization that Writing for its demise is already on the wall. Now the reaction is irrational, hence the desperation. In its opinion, the Saudi rulers believe that their only saviour is the U.S.A. In the region, the Saudi regime sees that its only enemy is Islam which the 'Islamists' are representing. It is Islam which is the danger for Israel and America. Thus the U.S.-Israel-Saudi Arabia are joined in a satanic coalition against Islam which is the common 'enemy' of these three Satanist members of the Shaitaani league.

This League of Shaitaan has resolved to eliminate Islam, hence the current Egyptian

conflagration. The very same conspiracies are being engineered in Tunisia and Libya where the clamour for the elimination of Islam has already been sounded. The current Thug regime in Egypt backed to the hilt by the Saudi regime, is the selfsame Hosni Mubarak clique of murderers and torturers.

Whilst the Ummah at large, due to its impotency, has become an idle observer witnessing the murder of the Brethren in Egypt, Muslims are not expected to acquit themselves like morons lapping up the Saudi disgorgement which profiles the Ikhwaanul Muslimeen as 'terrorists'. In fact, today in the U.S. and Saudi concept 'terrorism' is Islam – the Sunnah of Rasulullah (sallallahu alayhi wasallam). The Sunnah to which the Sahaabah had adhered is today 'terrorism' for Saudi Arabia. Muslims endeavouring to emulate the Sahaabah in their small weak way are branded 'terrorists' by the Saudis and the U.S. with its lackeys. If the Sunnah which some Muslims are endeavouring to adopt is terrorism, then we are all proud Terrorists. If the Ikhwaanul Muslim are 'terrorists' on account of their proclamation of Islam, albeit in a diluted form, then we all are 'terrorists' together with the Ikhwaan. The entire Ummah, both modernists and orthodox, who support Morsi and his Ikhwaan, is 'Terrorist'.

In order to deflect the focus of the universal Ummah at large from the U.S.-Saudi-Israeli plot to wipe out Islam from Egypt, the Ikhwaanul Muslimeen are being portrayed as terrorists whilst the Saudi regime is the real Terrorist supported by the American and Israeli Terrorists.

Despite the Ummah's political and physical impotency, Muslims the world over are incumbently required to offer moral support to the Muslims of Egypt represented today by Morsi and his Ikhwaanul Muslimeen outfit. It is the duty of the Ummah to engage in constant supplication (Dua) for the Brethren in Egypt. May Allah Ta'ala destroy the enemies of Islam.

The Muslim community in South Africa should be diligent in understanding that some South African 'muslims', agents of Saudi Arabia are prowling in our midst, subtly endeavouring to sell Saudi policies with the objective of imposing Saudi hegemony over us. Among these agents are Reverend Abraham Bham of the NNB Jamiat clique and their najis mouthpiece, Radio Shaitaan which monotonously disgorges fisq and fujoor, and 'guardedly' peddling Saudi propaganda. The Saudi regime no longer has a legitimate claim to Custodianship of the Haramain Shareefain. Since it has flagrantly abrogated the Shariah and increasingly aping the West in all spheres of life, it is now an effective kufr government whose destruction will be implemented by Allah Ta'ala Himself. If the Saudi regime does not change direction to travel on Siraatul Mustaqeem – if it does not repent - and if it does not cease from all the zulm it is perpetrating, then let it know:

"A power can still remain with kufr. It cannot be perpetuated with zulm.

The Muslim Ummah of the world should make it loudly clear to the zaalim Saudi regime that its support and dua are with Morsi and the Ikhwaanul Muslimeen. May Allah Ta'ala dispatch His Nusrat.
