

JIHAD AND A MOLVI'S STUPID MISCONCEPTION

QUESTION

Assalamu Alaikum, Respected Ulema.

Yesterday at Masjid-e-Noor in Roshnee, we had an Aalim who spoke very nicely and was very well dressed, Masha Allah. The topic was on 'Jihad'. In his talk he mentioned a few things amongst them were:

1. The call to jihad has been made by a few people and we should respond.
2. The country and government that we live in cannot tell us what to do in our religion and our lives and our Masajid.
3. He quoted an aayah from Surah Taubah, and explained that if your parents etc stop you from going then you shouldn't listen to them. You should go.
4. The Palestinians are being punished because they cursed Allah and His Rasool (saw).
5. True mujahideen are being bred in Shaam, Iraq, Syria and Palestine.
6. Most of the Ulema don't know what's the meaning of jihad and have misinterpreted it.

The outcome: Most people are saying that they are getting ready to join Isis.
What can be done? To whom can we address the issue with?"

The above are what the Aalim said in his talk. My question: Are those points fine to mention in a jumua bayaan especially about Palestine being cursed and the ulama not knowing the meaning about jihad? Jazakallahu khairan

ANSWER

Whether in a Jumuah Bayaan or in a private talk with one person, what the molvi spoke is largely bunkum. He has only displayed his gross *jahaalat* regarding Islam's Institution of Jihad.

Firstly it is essential to understand that *Jihad*, i.e. war to raise the Word of Allah, *Jihad* to establish Islam throughout the world, is a valid and a

Fardh

institution of Islam. Deniers of Jihad are murtad. Modernists bootlickers of the West are generally at pains to argue into oblivion this

Fardh Jihad

by ignoring the Shar'i meaning and forming their own corrupt, convoluted concepts in terms of the literal meaning of the term. They are just as ignorant and guilty of kufr as the one who rips the term

Salaat

from its Shar'i context, and assigns to it some stupid 'prayer' concept on the basis of the literal meaning of the word.

In the Qur'aan which is the Book of Principles for the *Ahkaam* whose details are located elsewhere, are to be found words such as Salaat, Saum, Zakaat, Sadqaat, Imaan, Tijaarat, Riba, Jihad, etc., etc. Only modernist juhala and stupid molvis of these times brutally rip these terms from their Shar'i contexts and meanings, and assign such concepts and meanings to these terms which render these misinterprets Zindeeqs. Just as it is haraam to subject these terms to one's own understanding and interpretation, so too is it with the word Jihad which appears in the Qur'aan.

Just as Salaat, etc. have detailed *ahkaam*, so too has Jihad. The molvi had stupidly quoted an aayat from Surah Taubah without understanding and without even being aware of the *ahkaam*

pertaining to Jihad. This molvi, in fact all of us, have to use the Qur'aan Majeed for *only*

Tilaawat. No one has the right in this era to rip out an Aayat from the Qur'aan Majeed and mutilate it with a

nafsaani

interpretation. Whoever desires to understand what Jihad in Islam is, should incumbently refer to the Kutub of Fiqh. It is haraam for this molvi to extract and fabricate masaa-il of Jihad on the basis of a Qur'aanic Aayat. There is absolutely no permission for his scandalous attitude and stupid

'istimbaat'.

His statement: "*The call of jihad has been made by a few people and we should respond.*", illustrates this molvi's

jahaalat.

Who are these 'few people'? What type of clandestine, faceless 'mujahideen' are these loafers whose desire is to portray their banditry as Jihad? Why did this molvi not mention who these 'few people' are? What is their status? We can safely say that they are juhala and fussaag. How can one respond to a 'call' made by faceless entities whose religion teaches eloping with young girls with prostitute tendencies? These faceless juhala clandestinely recruit stupid, faasiq youngsters and shameless young girls to abdicate from their homes, to abandon their parents and to sneak away like sewer rats, and for the girls to run off like prostitutes to become the maids of lust-driven fujjaar portraying themselves as 'mujahideen'?

Where should we go in response to the call of the hoodlum so-called 'mujahideen'? To the Middle East? In this regard, the moron molvi said: "*The mujahideen are being bred in Shaam, Iraq, Syria and Palestine.*"

Why did the jaahiel leave out Afghanistan from his enumeration? The reason is not really a conundrum for those who have intelligence.

This molvi and similar other recruiters of foot soldiers for the Middle eastern arena, have handlers – sinister handlers – hence the 'brave' front calling Muslims to join faceless people to join bandits posing as 'mujahideen'. There is a sinister dimension underlying the calls which this type of molvi make in bayaans.

Afghanistan has been deleted from the equation, because in Afghanistan recruits have to fight Americans and the U.S. installed puppet government. Thus, the molvi does not make a public call for joining the jihad in Afghanistan. On the contrary, in Shaam and Iraq, the fight is not against the Americans and their Western compatriots. Rather, the U.S. is the organizer and

primary architect and supporter of the 'jihad' in the Middle east.

All countries and all intelligent men are aware what is really happening in the Middle East. Only bandits, slaves of the nafs and stupid youngsters and young prostitute-type girls are shockingly blind to the reality. Since the U.S. is in charge of the Middle eastern 'jihad' as it was in charge of the Afghan jihad against the Soviet Union, everyone is free to recruit 'mujahideen' for the U.S. cause, just as mujaahideen were freely and openly recruited for the Afghan war against the Soviets.

The current rot in the Middle East is under the direct supervision of the U.S. Everything - the killings, the conflagration and all the chaos and misery over there are the effects of the American 'jihad'. There is absolutely no Islamic/Shar'i Jihad in the Middle East. The motley of 'jihad' outfits, all operating like bandits, are under U.S. directives. Just whom are they fighting? They kill their own kind and a smattering of Shiahs here and there in a lamentable, stupid attempt to pull wool over the eyes of the world, and to bestow facade of credibility to their 'jihad'.

The Middle east currently is not breeding any Mujaahideen. Far from this, it is the ground for chaos, anarchy, banditry, conspiracy and aiding and abetting the U.S. in the attainment of its pernicious objectives against Islam and the Ummah – the fallen and disgraced Ummat – disgraced as a consequence of treachery against Allah Azza Wa Jal.

Recruitment of foot soldiers for the U.S. 'jihad' has been going on and is still going from U.K., South Africa, Pakistan, and other countries. The authorities in these countries, especially U.K. and Turkey, are 100% aware of those travelling to Syria, of the destination of these recruits. They have the names of all, and they are aware of their movements right from the airports to their ultimate destination in Syria where they link up with one of the 'jihaadi' outfits. Yet they do absolutely nothing to curb and prevent the flow of recruits. All of these young morons and young prostitutes pass through Turkey to reach the dens of the marauders. Yet Turkey, ostensibly anti-ISIS, is allowing them all safe passage.

Turkey is in cahoots with the U.S., and Turkey knows that it is the 'jihad' of the U.S. that has to be sustained with foot soldiers, hence none of these governments is making any attempt to prevent the young hoodlums from travelling to the Middle East. It is an American 'jihad', and everyone is in submission to the U.S. That is why the jaahil molvi has the 'courage' to speak about this U.S. 'jihad' in the Jumuah bayaan.

Who is arming the motley of 'jihaadi' outfits? It is no secret that Saudi Arabia, using Jordan as the conduit, funnels the arms and ammunition through this channel. This is all with the full blessing and gratitude of the U.S.

What are the achievements of these 'mujahideen' in Shaam and Iraq? Who are they fighting, and what have they achieved with the heart-rending misery of hundreds of thousands of refugees in the background? Muslims are killing Muslims – Salafis killing Salafis. Assad is merely the bogey who fits well into the puzzle. He is the perfect insulation for Israel. He serves the American and Israeli cause.

The moron molvi shamelessly encourages stupid people to flagrantly disobey their parents, to flee like rats from their homes to join the U.S. 'jihad'. These U.S. 'mujahideen' have no Shar'i goal. They run around like crooks and dacoits. Their leaders in the farce are well insulated and provided for while hundreds of thousands of Muslims uprooted by the banditry of these 'mujahideen' are languishing in unimaginable suffering. They have no Deen and no morality.

Rasulullah (Sallallahu alayhi wasallam) specifically turned down the request for Jihad by a man who had aged parents to look after. The Fuqaha have clearly issued detailed rulings regarding parental permission to participate in Jihad. But in the first instance, there is no Shar'i Jihad in the Middle East. Why don't these thugs recruit from the Syrian refugees.? There is an almost inexhaustible reservoir of recruits available among the hundreds of thousands of Syrian refugees to fight for their own country and homes from which they have been cruelly expelled. In fact, these thugs parading as 'mujahideen' are the prime cause for all the misery of the Syrian refugees.

As for the jaahil's moronic utterance:

"The country and the government that we live in cannot tell us what to do in our religion and our lives and our Masjid."

has a sinister stench. It appears that this molvi is under instruction by some sinister handler/s who have issued him the licence to utter what is criminal in this country. Such brazen criminal utterances are usually at the behest of sinister elements to whose tune the utterer dances, for he is assured of immunity against prosecution. It is a simple matter to make even a criminal utterance in public when the agenda of the U.S. is served. Most of these governments are under U.S. domination and dictation. A criminal utterance of this sort is unexpected of one dressed like a damned dandy.

If this utterance is not underlined with a sinister dimension, then the molvi is too stupid for adequate description. A genuine Mujahid – a sincere Mujahid – even if he errs in his understanding of Jihad, will not attract the attention of the authorities to his clandestine activities. If he does, then he will only be exhibiting his stark ignorance. This criminal utterance is either by design and under instruction of sinister handlers, or it is the stupid bravado of a moron.

According to the Shariah, it is not permissible for the Muslim citizens in a non-Muslim state to commit treachery and treason. Citizenship is a pact with the government. The Qur'aan forbids violation of a pact with the kuffaar. Emphasizing the importance of honouring pacts and treaties, the Qur'aan Majeed states:

“If they (i.e. Muslims) seek your aid in (matters of) the Deen, then aiding them is incumbent on you except against a nation with whom you have entered into a pact. And, Allah sees whatever you are doing.” (Aayat 22, Anfaal)

The treaty of Hudaibiyah with the mushrikeen oppressors and persecutors is further evidence for the impermissibility of violating the terms of the treaty.

Regarding the punishment of the Palestinians, this is not exclusive with them. The Divine Punishment has apprehended many Muslim nations and communities. The Kashmiris, Rohingyas, Syrians, Iraqis, Bosnians, Afghans, Chinese Muslims, Indian Muslims, etc. have all

been overtaken by Allah's punishment for gross and flagrant *fi*sq, *fujoo*r, *bid'ah* and *kufr*.

The moron has no proper idea of the meaning and the *ahkaam* of Jihad, hence his *jahaalat* constrained him to utter the rubbish that "most of the Ulama do not know the meaning of Jihad."

A handful of louts, hooligans and prostitutes who are running away from their homes and parents like rats to join the American ISIS, are not "most of the people" in the Muslim community. It is precisely because the vast majority of Muslims have spurned America's ISIS, that this scourge is scraping the very bottom of the barrel by luring young girls to commit *kufr* by fleeing from their homes without mahrams.

Rasulullah (Sallallahu alayhi wasallam) said that it is not *halaal* for a woman who believes in Allah and the Last day to travel without a mahram. Thus, a woman who behaves like a prostitute, flees from home and travels without a mahram is guilty of *kufr*. If her belief in Allah and the Last Day is genuine, never would she commit such a ghastly act as fleeing like a prostitute and ending up thousands of miles from home in the dens of those who maraud Islamic morality and who are cogs in the U.S. conspiratorial machinery.
