SANHA'S LATEST 'EID' STUNT – 'HALAAL BACON & AVO'

FOR ABOUT R44 SANHA'S 'HALAAL' BACON IS AVAILABLE AS A SPECIAL TREAT FROM STEERS AMALGAM. SEE ADVERT BELOW.

By its latest 'eid' stunt SANHA has accomplished the transformation of '100% beef patties" into 'halaal' pig/vark/swine flesh which is dubbed 'bacon'. The haraam SANHA bacon is further flavoured with haraam 'avo'.

urge for 'halaal' pig-meat is irresistible. Advertising 'halaal' bacon is no longer a rarity for SANHA. This haraam carrion-halaalization outfit has developed a track-record of halaalizing pork and bacon.

The Steers outlet which has advertised SANHA's 'halaal' bacon is said to be Muslim-owned. The unfortunate, miserable owner of this haraam restaurant too is insensitive of Shar'i and Imaani inhibition. Thus, with SANHA's support he deems it appropriate to advertise bacon as 'halaal'.

With the march of the days, Allah Ta'ala is incrementally exposing the rot which lurks in the corrupt hearts of the halaalizers of pork , carrion and liquor. The molvies of SANHA whose primary profession has become halaalization of carrion and haraam come fully within the glare of the following Hadith of Rasulullah (sallallahu alayhi wasallam):

"There will soon dawn over the people an age when.....the ulama will be the worst of the people under the canopy of the sky. From them (the ulama) will emerge Fitnah, and the Fitnah will rebound on them."

May Allah Ta'ala save the Imaan and Akhlaaq of the unsuspecting consumers of carrion from the corrupt molvi-marauders who pillage and plunder the Deen in the pursuit of monetary objectives – haraam boodle.
