THE HARAAM 'AL-AQSA' NIGHT OF FISQ AND FUJOOR

Rasulullah (Sallallahu alayhi wasallam) said that at the approach of Qiyaamah, the abundance and quick occurrence of *fitan* (*plural of fitnah*) will be so overwhelming that it will be like a string of beads cut asunder with the beads scattering helter skelter swiftly. This is precisely what is happening in our era. Every day there arises a new

fitnah

heralding the Hour of Qiyaamah.

Immorality, perversion and obscenity are organized, proclaimed halaal and promoted for nafsaani gratification and for the haraam boodle which these haraam, satanic events net. The acts of *fisq and fujoor* are glorified and presented satanically with Islamic hues to deceive the ignorant ones.

One such haraam event being organized by some *Zanadaqah* has been dubbed:

The One Night Al-Aqsa Movie. This shaitaani event of fisq and fujoor is also being executed in haraam cinema venues. The very venue confirms the haraam and immoral status of the shaitaani show painted with the 'Al-Aqsa' colour. The very word, 'Al-Aqsa', is a massive deception. All 'Al-Aqsa' events, shows, fund-raising programmes, etc., are stunts – nafsaani and shaitaani stunts. Muslims should not be so gullible to entrap themselves in 'Al-Aqsa' stunts.

'Al-Aqsa' and 'Gaza' are the chimera dangled in front of stupid Muslims for siphoning boodle. Everything associated with 'Al-Aqsa' and 'Gaza' programs and projects is haraam. There is no goodness in these programs of deception. Money is the primary objective.

This haraam 'al-aqsa' movie night is an embodiment of *fisq and fujoor*. Contributing funds towards it, participation in it and promoting it in any way whatever are all among the major sins (*Kabaa-ir*).

Do not be fooled by the 'funds being for Gaza projects'. In fact all these projects of whatever nature are haraam.

Gaza and the whole of Palestine are under kufr domination. There is nothing of the Deen in Gaza. It is evil just as all other Muslim lands today are evil. Fisq and Fujoor are the order of the day even in Gaza, hence Allah's *Athaab* in the form of Yahoodi domination has settled on the fussaag/fujjaar inhabitants.

The 'Gaza' slogan is a trick card for the acquisition of monetary objectives. The very nature of the evil 'aqsa' night movie loudly testifies to the *shaitaanियat* of this 'gaza' *zina* affair. It is time for even ignorant Muslims to wake up and to see through the thin haraam veneer of *shaitaanियat* covering all of these al-aqsa, gaza and palestine projects and programmes. The Muslim community has been tapped and fleeced for boodle in these names for too long a time. Instead of *thawaab*, there is only *athaab* for participating in and contributing to the haraam 'al-aqsa' movie night *shaitaanियat*.

The leaders and rulers of Palestine and Gaza are scoundrels just as all the rulers and governments in Muslim countries are scoundrels, robbers, crooks and the vilest of fussaaq and fujjaar. Yasar Arafat who had so deceptively portrayed himself as a 'freedom fighter' struggling for Palestine, left a fortune of a billion dollars. He was an ally of Israel. But the people were too stupid to understand and see the glaring truth staring them in their faces. These rulers are the worst enemies of the peoples, including those of Gaza. They are also the reflection of the evil and filth of the people over whom they are saddled.
