

### BEWARE OF THE KUFR ☐ 'JIHAADUN NAFS' THERAPY DECEPTION

Satanism is practiced and imparted by *saahireen* and *saahiraat* under Deeni guise. The names of Ulama of the past are cited to give the classes of Satanism 'islamic' credibility. Many ignorant Muslims are tricked and misled by these confounded haraam, kufr therapy snares.

They use their hands like sorcerers and witches in *abracadabra* displays to hypnotize and satanize stupid people. They satanize the brains of gullible and stupid Muslims just as the alcoholic sanitizers sanitize the hands.

All forms of *abracadabra* therapy are haraam and tantamount to kufr even if Qur'aanic verses are utilized. The utilization of Islamic terminology by these Satanists is for hoodwinking and trapping the gullible and the ignorant. Their objective is only monetary gain.

The 'professional' ruqyah gangs of tricksters are also of this Satanist ilk. Beware of them. They have become millionaires by means of their ruqyah / therapy shaitaani stunts adorned deceptively with Islamic terminology. The haraam boodle pours into their coffers from idiots who submit to this satanic baatil.

Practise your own valid Qur’aanic ‘therapy’. Allah Ta’ala says in the Qur’aan Shareef:

*“Say (O Muhammad): ‘Verily, Allah misleads whomever He wills, and He guides unto Himself those who turn towards Him (with repentance and obedience). They are those who have Imaan, whose hearts derive peace by Thikrullaah. Behold! With the Thikr of Allah do hearts find rest,”*

*(Ar-Ra’d, 27, 28)*

Rasulullah (Sallallahu alayhi wasallam) said: *“Your tongue should remain ever fresh with the Thikr of Allah.”* At all times, in all walks of life, keep the Name of Allah Ta’ala on your tongue. Permanent Thikrullah with the tongue will embed the remembrance of Allah Ta’ala in the heart. This will bring about peace of mind and peace of the heart.

All the depression and mental unsettlement which people complain of are the effects of gross and flagrant sin. One of the consequence of the deluge of sin, transgression, cellphone, fisq, fujoor, porn and filth is depression which leads people unto drug addiction by taking drug-medication, and into the snares of the Satanist therapists – the *saahireen* and *saahiraat* (sorcerers and witches).

**YOU ARE LIABLE TO LOSE YOUR IMAAN IN THE SNARES OF THESE SATANIST THERAPISTS. AND YOU WILL BECOME A DRUG ADDICT WITH THE DRUG MEDICATION OF PSYCHIATRISTS. STAY FAR FROM THESE CLASSES OF PEOPLE.**
