“DON'T LIE!”

“25,000 PEOPLE DID NOT DIE OF THE CORONAVIRUS IN ITALY. IT'S NOT TRUE – IT'S A WAY TO TERRORIZE ITALIANS AND IMPOSE A DICTATORSHIP OF CONSENT. IT'S RIDICULOUS!”

(ITALIAN MP IN THE ITALIAN PARLIAMENT)

The following is the transcript of a speech in the Italian parliament by a parliamentarian:

Transcript: many thanks to Fousesquawk for the translation:

We are on the eve of April 25, and it is necessary to be united against dictatorships and united in the truth. Let's not make this the chamber of lies.

Not the 26th of February, but the 9th of March, the science, the science evoked here said that the virus was little more than an influenza. That science is what inspired this government, it is said, it was said, and documented, it was said...

Don't lie! Tell the truth! Don't make this the chamber of lies. At least the principle of Giambattista Vico is applied, Vico: “verum ipsum factum” [we only know what we make]. So you have heard and you have given the numbers. I want to give them too. No, D'Attis, no, Pagani. Don't also say here 25,000 deaths. It's not true. Don't use the deaths for rhetoric and terrorism. The numbers from the Higher Institute of Health say that 96.3% died from other diseases. Exactly the data, the numbers... the numbers. Say this, and it is the truth! It is the truth! Read it! Read it!

Colleagues...Colleague. —[Unintelligible] I have read them all. Sixty per cent died from other diseases, according to the Higher Institute of Health. If you don't know it, study it!

Speech interrupted and Sgarbi is instructed to turn toward the President:

Colleague Sgarbi, turn... —Colleague Sgarbi... Colleague Trizzino... Colleague Trizzino...
Colleague Sgarbi, turn to the president. ...[Unintelligible]

Vittorio Sgarbi begins speaking again:

While Italy was a red zone, everyone here was without masks. Today, Basini is accused because he has to wear it. You are ridiculous! You didn't wear it until the day before yesterday! That is exactly how it is. In Germany, the economy, health care, and schools will work perfectly on May 4. We are a state with the fewest rights in Europe. Germany has shown proof of strength and the correct response. We here are once more humiliated by Germany even in

illness. We have closed 60% of businesses.

I have given data, Dear Trizzino. Go check it out. No, it is clear that I was first to call for the closure of Parliament. Today, here we are, everybody in masks, while the other time, there was only [unintelligible]. There were very few — Dall’Osso. There were few who were wearing the mask, and today you are pointed at if you don’t wear it. Well, precisely because truth is the most important thing, let’s give the actual numbers; let us not continue to lie.

This is certainly strong data. I read it here too, Trizzino 56% in Lombardy, 14% in Emilia, 8% in Piedmont, 5% in Veneto. We cannot imagine applying uniform rules with such disparate zones of the epidemic. And so, I say, at least here we speak the truth. Measure ourselves against Germany. Let us be united in liberation against hypocrisy and lies, against falsifications, against the false numbers that are given to terrorize Italians. The 25,000 dead, as Professor Bassetti [infectious disease specialist] said, died of heart attacks, cancer and other... Let’s not use them to humiliate Italy. Let’s not

use them to give citizens false news. Give the numbers, check them out, and I challenge you before a jury of honor, Trizzino, to look at the numbers...
