***Question: In Natal someone by the name 'Jazbhay' is exhorting Muslims to come on to the streets to recite Takbeer on the day of Eid during the time when people are allowed to exercise in terms of the lockdown regulations. He invites women to also participate. Is this permissible?***

Answer: How can Satanism be permissible? The chap is preaching Satanism under guise of Islam. It is haraam for women to emerge onto the streets. Such emergence and parading are the acts of prostitutes and lesbians. It is also not permissible for males to participate in this new-fangled bid'ah advised by a jaahil. The juhala and the munaafiqeen are in preponderance during this devil's saga engulfing us.

***Q. Should we perform Zuhr or Jumuah at home during the lockdown? Is a Masjid a requisite for the validity of Jumuah?***

**A.** If you refer to our website you will find articles in which we have explained the issue of Jumuah during the devil' lockdown. With four adult males, Jumuah may be performed at home. According to the Hanafi Math-hab, a Masjid is not a condition for the validity of Jumuah. It is a condition according to the Maaliki Math-hab.

***Q. In Taraweeh the Imaam recites only Attahiyaat in Qa'dah. The Durood and Dua are totally omitted. Is this valid?***

**A.** Even in Taraaweeh it is incumbent to recite Durood and Dua after Attahiyaat. It is a shaitaani inspiration to dispense with the Durood and Dua as is generally the case with those who rush with Taraaweeh. It is not permissible to discard the Durood and the Dua.

**MORE BRAINS THAN THE MUNAAFIQEEN**

I would like to echo the words of Dr Shimmy Kotu, "As responsible parents, we say no to experimentation with our children. We refuse for our kids to be used as guinea pigs. If our Authorities want anyone venturing out in public, let them send us parents back to CHURCH, not our children to school. If it is unsafe to return to CHURCH, what makes returning to school safe?"

If responsible adults cannot leave home for CHURCH, what makes it safe for immature toddlers and teenagers to go to school?
