A STUPID, HYPOCRITICAL, DESPERATE STATEMENT BY THE MUNAAFIQ BOGUS uucsa

In a somersaulting statement exhibiting nothing but hypocrisy and stupidity designed for acclaim and desperately struggling to emerge from the morass of inequity and Satanism it has created for itself, Kalb Yusuf Patel of BOGUS uucsa most ludicrously seeks to convey the impression that they (the cartel of Munaafiqs) are discussing with the authorities to open the Musaaqid.

These evil agents of Iblees have now realized the lasting damage they had inflicted on themselves by having so thoughtlessly in a drunken stupor opposed the Muslim Community's endeavour to have the Musaaqid opened. These evil agents of the Devil had become the 'friends of the court' and the Enemies of Allah Azza Wa Jal, by arguing vigorously in the kuffaar court that the need is imperative for the Musaaqid to remain closed because in their rotten opinion of kufr the Houses of Allah Ta'ala are the worst spreaders of the disease and these Musaaqid constitute the most potent threat to human life.

Now when they have understood that the Muslim Community is withholding funds from them, they try to flap with their broken wings in their abortive attempt to extricate themselves from the *najaasat* in which they are sinking.

Lies, falsehood and somersaulting are the salient features of the Munaafiqeen. Regarding these vile scoundrels, the Qur'aan Majeed describes them as *Muthabzabeena... (they dither and vacillate between two extremes)*. They are neither here nor there. Their abode according to the Qur'aan Majeed is the lowest pit in Jahannam described in the Qur'aan as *Ad-Darkul Asfal minan Naar*.

Now that the whole country is criticizing and condemning the government and clamouring for the oppressive lockdown to end, the Munaafiqeen have forgotten their massive lie of 'saving life'. They are now prepared to destroy life. In the wake of the whole country opening up, life will not be destroyed in their copro-brains, but if the Musaaqid are opened up, then according to these rotten, stinking munaafiqeen it will be the worst threat for human life and human dignity. May these scoundrels and rubbishes perish in the conflagration of Divine La'nat.

28 Ramadhaan 1441 – 22 May 2020
