He is quite at home among kuffaar priests, reverends, pundits and spiritualists whose religions are shirk and kufr. There is nothing more abhorrent to Allah Ta'ala than kufr and shirk. The Qur'aan is replete with Aayaat criticizing and condemning kufr and shirk, and warning of the disastrous consequence in the Aakhirat.

In flagrant and blatant violation of Allah's numerous commands to refrain from befriending kuffaar and from associating with them, this miserable, unfortunate agent of Iblees joins them in their spiritual acts of kufr worship. What more evidence than this is required for understanding that this character is NOT a Muslim.

"Health and Spiritual Wellness" for Muslims is only by means of the Qur'aan and Sunnah. Everything besides these Divine Sources is baatil and shaitaaniiyat. Even adherence to valid tenets revealed by Allah Ta'ala for Ummats of bygone time are HARAAM for the Muslims of the Ummah of Rasulullah (Sallallahu alayhi wasallam). In this regard the Qur'aan states:

"O People of Imaan! Enter into Islam fully, and do not follow in the footsteps of shaitaan. Verily he is your open enemy. Thus, if you slip (from total Islam), then know that, verily, Allah is Mighty and Wise." (Al-Baqarah)

This Aayat was revealed when Hadhrat Abdullah Bin Salaam (Radhiyallahu anhu) who was a senior Aalim of the Tauraah, and other members of Bani Israaeel had embraced Islam. They continued to revere Saturday and disliked camel's meat and milk. Camel's meat and milk were

haraam for the Muslims of Bani Israaeel, and Allah Ta'ala had made Saturday the day of reverence for them. Yet, these very acts are described in the Qur'aan Majeed as nugatory of Imaan for those who have entered Islam. Now what should be the conclusion regarding the Munaafiq Reverend Bham who participates in the religious and spiritual programmes and rituals of the kuffaar – in such acts which have no origin in a valid Deen of previous Ambiyaa (Alayhimus Salaam)? What is the status of a man who is always on the platform of priests and pundits? According to the Shariah he is a murtad.

This Munaafiq is resolutely following in the footsteps of shaitaan mentioned in the Qur'aanic Aayat. The Muslim community should beware of his disease of kufr and nifaaq which is extremely contagious. While Islam negates and refutes the contagion idea of physical disease which is propounded by the atheists, it (Islam) teaches that spiritual diseases are highly contagious. Kufr and its effects are spiritual diseases. Proximity with persons diseased spiritually with kufr and shirk, is extremely dangerous for Akhlaaq and Imaan. It is therefore imperative to flee from this Bham munaafiq just as one will flee from a lion.

May Allah Ta'ala save ignorant Muslims from the poisonous fangs of these munaafiqeen who masquerade as Muslims.
