THE DANGEROUS CONSEQUENCES OF DISRUPTING THE MENSTRUAL CYCLE

The monthly menstrual cycle is a creation of Allah Azza Wa Jal designed to expel injurious and harmful filth, impurities and poisons from the female human body. Any interference to disrupt this natural cycle is fraught with serious health consequences. Many of the sicknesses from which women suffer could be attributed to their satanic interference in the natural creation of Allah Ta'ala. Such shaitaani interference is termed in the Qur'aan Majeed, Taghyeer khalqillaah (changing the natural creation of Allah). The Qur'aan attributes this evil practice to shaitaan.

The following is a report on the dangerous consequences of disrupting the natural menstrual cycle with haraam, poisonous pills and medication.

PAINFUL DEATH CAN BE THE CONSEQUENCE

“Recently this past week, Nicole Dishuk (age 31 ...newly graduated student with a doctoral degree about to start her new career as a Doctor...) was flown into a nearby hospital, because she passed out.

They found a blood clot in her neck, and immediately took her by helicopter to the ER to operate. By the time they removed the right half of her skull to relieve the pressure on her brain; the clot has spread to her brain causing severe damage.

Since last Wednesday night, she was battling. They induced her into a coma to stop the blood flow, they operated 3 times... Finally, they said there was nothing left that they could do... They found multiple clots in the left side of her brain... The swelling wouldn't stop, and she was on life support.

She died at 4:30 yesterday. She leaves behind a husband and a 2yr old Brandon and a 4yr old Justin... The CAUSE of DEATH – they found was a birth control she was taking that allows you to only have your period 3 times a year...

They said it interrupts life's menstrual cycle, and although it is FDA approved...shouldn't be – So to the women – I ask you to boycott this product and deal with your period once a month – so you can live the rest of the months that your life has in store for you.

Please send this to every woman you know – you may save someone's life...Remember, you have a CYCLE for a reason!

For Your Information: The name of this new birth control pill is Lybrel. If you go to <http://www.lybrel.com>, you will find at least 26 pages of information regarding this drug.
