**ALL COMMERCIALLY KILLED CHICKENS ARE HARAAM**

***EVEN IF THE NECK-VESSELS ARE CUT***

### **QUESTION**

***If it could be ensured that the slaughterers at the chicken plants do cut the neck vessels correctly, and that they do recite Tasmiyah on each chicken, what will the ruling of the Shariah be?***

### **ANSWER**

**The suggestion that the neck vessels of all the chickens in the commercial chicken-killing plants could be correctly severed, and that it is possible to recite Tasmiyah on every one of the millions of chickens killed on a conveyor moving at speed with the chickens hanging upside down, is an inspiration of Iblees. There is simply no possibility for this hallucinated achievement.**

If we have to assume momentarily that this feat can be accomplished, then too the chickens will remain HARAAM. Islam has its own divine system of Thabah. What SANHA, MJC, NIHT and other carrion halaalizers have done in their haraam trade is to abrogate the system of Thabah which Allah Ta'ala has ordained for the Ummah, and which is among the *Sha-aair* of Islam.

If some moron in error slaughters a chicken in his backyard for his own use, and due to ignorance neglects the requisites of Masnoon Thabah, the chicken will be halaal as long as the two fundamentals mentioned in the question have been observed. But killed chickens which are the products of the kufr abrogation of Islam's system of Thabah are not halaal. It is not permissible to consume the carrion of a haraam system which has been permanently introduced to substitute the permanently abrogated Thabah system ordained by Allah Ta'ala.

The system of killing employed in the kuffaar plants and halaalized by SANHA, MJC, NIHT and their likes of carrionists, has been termed by Rasulullah (sallallahu alayhi wasallam) as *SHAREETATUSH SHAITAAN (THE KILLING OR SLAUGHTERING OF THE DEVIL)*. With what conscience can a Muslim consume carrion which is the end product of shaitaan's system of killing?

In addition to the devil's system of killing, there is the devil's system of breeding, rearing, feeding, transporting, etc. of the chickens. It is brutality and misery from day one

**when the chick is hatched until the time it is cruelly killed after the administration of a brutal electrical shocking and improper cutting of its neck without the Tasmiyah being recited on the overwhelming majority of the millions and billions of chickens killed annually.**

**Then there is the aspect of grave diseases which result from consuming the diseased carrion. Kuffaar experts have proven the disease fact.**

**The carrion halaalized by SANHA, MJC, NIHT and others of their ilk is HARAAM regardless of their claims and assurances that everything is rosy and humane in these brutal and murderous chicken-killing facilities. The attempt to present arguments for proclaiming the chickens halaal is pure Satanism. And, this Satanism is confirmed by the Qur'aan Majeed. Allah Ta'ala speaking on this subject states:**

***“O People! Eat from the earth that which is halaal and tayyib, and do not follow in the footsteps of shaitaan, verily, he is your open enemy. Verily, he instructs you with immorality and evil and that you speak about Allah (His Laws) that which you do not know.”***
