For the edification of the Muslim community, it is necessary to inform that UUCSA, i.e. the Genuine UUCSA, the registered UUCSA which was established in 1970, has not organized this haraam, corrupt qawwaali function where Islam will be betrayed by the embrace of fellows of bid'ah and dhalaal.

The conglomerate of Ahl-e-Baatil has fraudulently usurped the name of Genuine UUCSA and under this name do these miscreants endeavour to mislead the Muslim masses. We urge Muslims to beware of these wolves in sheep's skin.

A glance at their invitation will establish that the medley of juhala comprises of:

- Modernists/liberals craving for leadership and cheap aggrandizement. In this category are the Reverend Abraham Bham (alias I. E. Bham), Y. Patel and Ahmad Mohammedy of the New Brand Jamiat KZN (Jamiatul Juahala). The inordinate craving for leadership has driven them to the confines of intellectual derangement.
- Grave-Worshippers: In this group is Mr. Y. Chisty to whom the miscreants have assigned the duty of the empty ritual which they dub 'dua'.
- Gulenists: In this class are Mr. Ahmed Mohamedy who has dragged the genuine Jamiatul Ulama of Natal into the gutters of degradation, inertia, show and false pride. The Jamiat's 'leadership' position has been too much for this upstart. His brains have gone crazy with the mantle of leadership. No senior could be found to fill the vacuum. The other Gulenist is Abdullah Khan also of Jamiatul Juhala. These characters have secretly supported the Gulenist movement with the Zakaat hampers which they assigned to the Gulenists when they went to distribute the Muslim community's Zakaat to the refugees in Syria. Insha-Allah, in future articles this aspect of Jamiatul Juhala shall be further exposed. They must hang their heads in disgrace for their vile conduct.
- Carrion Halaalizers: In this category fits the chap, I. Taliep of Cape Town's MJC

The characters taking part in this fraudulent function should be sufficient eye-openers for understanding the evil and base motives underlying this latest attempt by the clique of **BOGUS** 'uucsas'. Their perennial attempt has always been to be recognized as the leaders of the Muslim community. There is not a single deed of virtue which these frauds have managed to achieve under their fraudulent bogus 'uucsas' designation.

The distinction of these **BOGUS** characters is to waste the community's charitable funds in parties, useless conferences, air-travel, pies and samosas, etc. All of them are deadwood squandering the community's charitable funds.
