- (2) Making fraudulent, deceptive, misleading accounts about the source and nature of its beef products.

- (5) Acquiring haraam products from sources not certified by Malaysia or Indonesia where the carrion was being exported.

- (7) Falsely claiming that its cattle were hand-slaughtered by specially trained Muslim slaughtermen who always recited Tasmiyah.
  
- (8) Falsely advertising that it does not use 'penetrative captive bolt stunning', a process in which the animal is killed when a steel rod is shot into its brain.
  
- (9) Midamar Corp used bolt stunning and often did not have Muslim slaughtermen according to the indictment.

The aforementioned two Carrion entities were found guilty and convicted in the Federal Court in Cedar Rapids, U.S.A. Now read the following report which highlights the satanic shenanigans of the SANHA-MJC type of Carrion Certifiers:

Two related companies that distribute and certify halal food products have pleaded guilty to conspiring to export misbranded beef products for sale in Malaysia, Indonesia and elsewhere.

Midamar Corp and Islamic Services of America each entered guilty pleas in federal court in Cedar Rapids to one count of conspiracy to make false statements on export certificates, sell misbranded meat and commit wire fraud, among other offences.

Under the plea agreement each company must forfeit US\$600,000 (£390,000) in proceeds derived from the scheme. They could also face a term of probation and an additional fine at sentencing.

US district Judge Linda Reade rejected the companies' claims that the charges were regulatory violations that should have been handled by the US Department of Agriculture, ruling that federal prosecutors didn't overstep their jurisdiction in bringing the case. However, despite the guilty pleas, the companies can appeal Reade's decision.

Midamar is a food distributor, while ISA certifies Midamar and other companies' food products as halal and is one of the few organisations approved to certify beef for import into Malaysia, Indonesia, Kuwait, Saudi Arabia and United Arab Emirates. Both were founded and operated by the Aosse family in Cedar Rapids.

Midamar, a 40-year-old company that's considered a pioneer in halal foods, issued a statement

last week saying that the plea agreements resolve all charges against the companies and executives. Midamar said it has now “taken full responsibility for wrongful conduct” that occurred from 2007 through 2012 and apologised for errors in judgment.

Midamar’s founder, Bill Aossey Jr, was convicted in July of falsifying documents as part of a scheme to export beef to Malaysia and Indonesia that didn’t meet those countries’ strict standards of religious-based slaughter. He’s in federal custody awaiting sentencing and could face several years in prison; he has asked for a new trial.

Aossey’s sons, Midamar directors Jalel and Yahya “Bill” Aossey, are expected to plead guilty Friday under their own deals, court records show. Yahya Aossey entered the guilty plea Wednesday on behalf of Midamar, while Jalel Aossey pleaded guilty on behalf of Islamic Services of America.

According to the conspiracy count, Midamar made “fraudulent, deceptive, and misleading claims” about the source and nature of beef products, the way the cattle were slaughtered and the level of adherence to halal practices that were advertised.

Some Midamar products came from a Minnesota slaughterhouse that wasn’t approved by Malaysia or Indonesia. Aossey directed employees to remove its establishment number from the packaging and replace it with labels that falsely showed the meat came from a certified Nebraska slaughterhouse, according to testimony.

Prosecutors allege Midamar told customers that its cattle were hand-slaughtered by specially trained Muslim slaughtermen who always recited prayer and advertised that it did not use penetrative captive bolt stunning, a process commonly used in meatpacking in which an animal is killed when a steel rod is shot into its brain.

But Midamar’s primary supplier used bolt stunning and often didn’t have Muslim slaughtermen present, the indictment alleges.

For decades these Satanist Carrion Halaalizers have been feeding the stupid and lustful Muslims with diseased, rotten, haraam CARRION certified as 'halaal'. SANHA, MJC, NIHT and the rest of the Carrion Cartel are in exactly the same position as the Islamic Services of America which is supposed to be a very 'reputable' organization certifying products for the Muslim Ummah. This haraam ISA carrion entity is just as 'reputable' as SANHA and the MJC, or should we say that SANHA and the MJC are just as 'reputable as ISA. They all are shaitaani birds of the same feather.

Muslims who have any concern for their Imaan should ponder and reflect on the shenanigans of these Carrion Devils. Just imagine! For decades the SANHA-type certifier, despite claiming to be Muslim, was certifying as halaal meat which it was fully aware of being CARRION according to the Shariah. But the lust for the haraam boodle – millions of dollars – got the better of their Imaan and transformed them into kuffaar.

The entire conglomerate of the Carrion Cartel is thoroughly desensitized. Their Imaan, if they are still Muslim, may not be recognized by even Rasulallah (Sallallahu alayhi wasallam) after he will remove all Muslims who had been suffering for ages in Jahannam. Allah Ta'ala will ask Nabi (Sallallahu alayhi wasallam) whether there are any remaining Muslims in Jahannam. When Rasulallah (Sallallahu alayhi wasallam) will declare that there are no more Muslims in Hell-Fire, then Allah Ta'ala Himself will extract innumerable people from Jahannam. So faint and so negligible and so invisible will be their Imaan that not even Rasulallah (Sallallahu alayhi wasallam) will recognize them as Muslims. Among this group, most probably will be SANHA, MJC, NIHT, ISA, JAKIM and the caboodle of other carrion certifiers as well as the Riba-Halaalizers of the capitalist kuffaar banks who employ the Satanist molvis to legalize and halaalize their Riba products.

It took the kuffaar to realize the haraam shenanigans of the ISA and Midamar Corp, and it were the kuffaar who indicted these Satanists and convicted them of halaalizing carrion. The case was so strong against these Satanists, that they were compelled to plead guilty. A fine of R10 million has been imposed, and some of its supposedly Muslim directors are now facing even a jail sentence.

The American version of SANHA, viz., ISA was supposed to supervise the products its certified just as SANHA is required to supervise its carrion. Just as there was in reality no supervision executed by the ISA, so too there is ***ABSOLUTELY*** no Shar'i supervision undertaken by the haraam entity called SANHA. All carrion certifiers are Satanists, for only Satanists feed Muslims with carrion. Confirming this, Allah Ta'ala says in the Qur'aan Majeed:

***“O People! Eat from the earth what is halaal and tayyib, and do not follow in the footsteps of shaitaan, for verily, he is for you an open enemy. He instructs you with only evil and immorality, and that you fabricate about Allah what you know not.”***

Carrion consumption is directly related to satanism and in its wake comes immorality and evil – fisq and fujoor. And in this art, the MJC and SANHA and all the carrion halaalizers are experts.

Even the kuffaar court in the USA has ruled that the brutal iron rod shot into the brain of the the animals kills the cattle, yet ISA, SANHA and MJC claim that the carrion beef is halaal. Remember that KARAN which is a kuffaar company in South Africa is the primary supplier of beef which the confounded Satanist Carrion Cartel halaalizes. 99% of the Muslim butcheries in South Africa deal with ONLY haraam carrion beef and other haraam meat and chicken products.

The severity of the crimes of halaalizing carrion committed by the Muslim company, Midamar Corp, has constrained the kuffaar prosecuting agency in the U.S.A. to hold in custody to this day Midamar Corp's founder. They had been falsifying documents as part of a horrible haraam scheme to export their haraam carrion beef to Malaysia and Indonesia. The Satanist is in federal custody awaiting sentencing and could face several years in prison without a fine. Let SANHA, MJC, NIHT, JAKIM and the whole miserable illegitimate lot of carrion halaalizers hang their heads in shame.

What has happened to the shaitaan, JAKIM's so-called strict international halaal standards on the basis of which it had kicked the MJC in its pants and out of the confederation of Carrion Satanists? For decades, JAKIM has been certifying the haraam carrion beef products of Midamar Corp on the word of ISA and feeding the Muslim Ummah of Malaysia CARRION. The

entire cabal of carrion certifiers need to be lined up against the wall, eliminated and sent to Jahannam.
