

## THE CAPE DISCORD OF THE HUMUR MUSTANFIRAH

### INTRODUCTION

“What is the matter with them for turning away from the admonition (of the Qur’aan) as if they are wild donkeys fleeing from a lion?” (Al-Muddath-thir, Aayaat 49, 50, 51)

A cartel of modernists zanaadaqah had abortively attempted to mislead the Muslim community with a scrap paper ‘accord’ which they dubbed ‘The Cape Accord’, but which has culminated in nothing other than discord. It has also exposed the Shiah element lurking in the Muslim community in the guise of Muslims. These are the munaafiqeen who are working from within the Muslim community to undermine Islam.

In this brief treatise we have analyzed every point mentioned in their scrap document which has been rejected by the Ulama and the Muslim community of South Africa. The Shariah with its Qur’aanic terminology and strident form of admonition have been branded ‘hate speech’ by the modernist cartel. They insinuate that the Qur’aan fosters ‘hate speech’. These people flee from the Shariah in the manner described by the Qur’aan Majeed in the above mentioned Verses.
