RAPE, PILLAGE AND PLUNDER OF HAYA AT THE INSTITUTIONS YOU SEND YOUR DAUGHTERS *MUSLIM GIRL RAPED BY NON-MUSLIM TEACHER AT THE SCHOOL IN DUNDEE*

Chaos after Dundee School teacher charged for raping a 14yearold girl

[21 Feb 2022 Quinton Boucher](#)

What happens when teachers use their positions to prey on those they are supposed to guide and teach? Such is the case at a high school in Dundee, Northern KwaZulu-Natal. Colonel Thembeke Mbele, a KZN Police spokesperson, explains that a 36-year-old [Dundee High School](#) teacher was arrested for raping a 14-year-old girl. "It is alleged that on **18 February 2022** at 10:30am, the victim was at school premises in Dundee when she was allegedly raped by a known suspect. The matter was reported to the Dundee police and the docket was transferred to Dundee Family Violence, Child Protection and Sexual Offences (FCS) Unit for further investigation," says Colonel Mbele. Further stating that the suspect was then apprehended and charged.

Seeking justice, a group of enraged parents gathered outside the high school in unison on **Monday, 21 February 2022**, protesting the situation.

In the run-up to the protest, one resident took to Facebook, claiming that the school's principal allegedly hid in his office after the crime, failing to address the family and apparently failing to provide the necessary counselling for the victim's family members.

The Newcastillian – Online News contacted the school to speak with the principal about the situation. The school, however, declined to comment and referred the editor to the [Department of Education](#).

The Department was then contacted for comment, but none was forthcoming at the time of publication.

While the school chooses to remain silent, the KZN spokesperson for the [National Prosecuting Authority](#), Natasha Kara, explains that the teacher appeared in court on Monday, **21 February 2022**.

“The accused appeared in the Dundee Magistrates Court on a charge of rape, and the case was remanded until 28 February for a bail application.”

Endumeni (Dundee) Mayor Cllr SiyabongaNdlovu stresses that the crime is serious and has seen community members of all walks of life unite under a common cause.

“At the school, during the protest, I saw people of different races and political parties stand together and show unity to voice their anger against the crime.” However, despite the unity, Cllr Ndlovu highlights that it was concerning to see several people try to fight against the police, attempting to gain access to the school. An action which the Mayor disagrees with. As the teacher is in police custody, Cllr Ndlovu says, “I have asked people not to block the school so that learners can continue going to class.”

After leaving the protest action, the Dundee Mayor says he learned that the Department of Education could not comment as the matter was under sub judicate. However, he adds that he was dismayed during his time at the court to learn that the accused teacher had committed a similar crime at a Glencoe school before being moved to Dundee High School.

Now, with the court proceedings underway, Cllr Ndlovu says he and the Endumeni Municipality is calling on the Dundee community and South Africans as a whole to make a stand against Gender-Based Violence (GBV) and sexual crimes.

“GBV must not be tolerated in our communities, and we must all take a united stance to protect our children.” Furthermore, Cllr Ndlovu says it must be noted that as teachers play an essential role in our children’s lives, recreating the role of educator and parent during school hours, he says that if they cannot protect our children, who will? Because of this, he says communities must play an active role in ensuring children’s safety. In addition, the [Democratic Alliance \(DA\)](#) has expressed its concern. The DA KZN Education Spokesperson, Dr Imran Keeka, states, “We have, for a long time, called for the vetting of educators against the sexual offences register, and this, to the best of our knowledge, has not taken place, nor does it. This places learners at immense risk of having been preyed upon by those who are supposed to be their

guardians during school hours, and in whose trust they are place for a significant portion of the day.”

When incidents like the one at the high school are reported, Keeka emphasises that immediate action is required, involving the SAPS FCS unit, the Department of Social Development, and the Department of Health.

“We also believe that the Department of Education must also conduct its own investigations, suspensions and must also keep the [South African Council of Educators](#) informed at all times.”

Concluding he stated, “Our Schools must be places of safety and not killing and predatory fields.”

COMMENT

The plunder of the Hayaa of your daughters in ‘educational’ institutions whether these schools are run by non-Muslims or Muslims, is part of the *Athaab* of Allah Ta’ala for the capital crime of most flagrantly violating the Command for females to remain ‘glued’ in their homes. But, not only in flagrant violation, but in rebellious and perfidious rejection, Muslims scorn the Command of Allah Ta’ala:

“And (O women!) remain resolutely in your homes, and do not make a display (of yourselves) such as the exhibition of Jaahiliyyah.” (Qur’aan)

What has come to light with the Dundee satanic issue is but the tip of the iceberg. Sexual misdemeanours of a variety kinds of *zina* are in fact the norm in all educational institutions, primary schools, secondary schools, and worst of all in colleges and universities which are in fact ‘educational’ brothels.

The uproar demonstrated in Dundee in protest for the devilish episode is merely a storm in a teacup which will recede into silence and oblivion within a couple of days while the rot will continue to flourish regardless of what resolutions and measures are adopted in a sham show to curb the filth. The filth will not cease.

The filth cannot cease in view of zina-combustible situations being integral to the libertine western cult of life.

As far as non-Muslims are concerned, we have no issue of complaint and advice. Immorality is their way of life. Immorality is honourable for them. Immorality is a demand of their concept of gender equality. But it is totally unexpected of Muslims to degenerate to this gutter level – uncaring of what happens to their daughters in these abodes of zina, fisq, fujoor and even kufr. While Muslims profess allegiance to the Qur’aan and Shariah, they practically exhibit the type of perfidy and satanic rebellion

which Iblees had demonstrated when he had refused to the Command of Allah Azza Wa Jal to make Sajdah for Aadam (Alayhis salaam).

Muslims are not prepared to even listen to the Command of Allah Ta'ala for females to remain glued in their homes. The Agents of Iblees – the evil molvis – have further encouraged and justified the perfidious attitude and flagrant violation of Allah's Commands perpetrated by Muslims. The pursuit of secular education has become acceptable to Muslims regardless of the destruction of the *hayaa* and Imaan of their children at these institutions of the Devil.

In the satanic pursuit of this haraam worldly objective – donkey degrees and scrap certificates – Muslim parents lull their conscience into acquiescence by self-deception. Whilst they are aware of the filth of immorality, drugs, zina, kufr and haraam which are integral to university environment, they insanely and satanically turn a blind eye and justify the presence of their daughters in these cauldrons of filth and vice on the basis of 'education' which they believe is necessary for the acquisition of Rizq, the responsibility of which is Allah's. The provision of Rizq is the responsibility of only Allah Ta'ala. The Qur'aan Majeed states: *"There is not a living creature on earth, but the responsibility of its rizq is on Allah."*

The Auliya say: *"Upon us is to obey Allah as He has commanded, and on HIM is the responsibility to feed us as He has promised."*

Wallaah! Rizq is not reliant on education, intelligence, acumen, etc. Rizq is pre-ordained and follows one like a shadow. Rasulullah (Sallallahu alayhi wasallam) said: *"Rizq is sealed (it is pre-ordained), and the avaricious one is deprived."*

With or without effort, the pre-ordained amount of Rizq will reach you. The problem is that there is no longer Yaqeen in the Imaan of Muslims, hence they pursue flagrantly haraam and immoral avenues in search of worldly prosperity, and in this satanic process they barter away even the *hayaa* and chastity of their daughters.
