THE MJC'S PORK MOLVIS AND SHEIKHS

THE NEXT PHASE IS TO EAT PORK

Preparing stupid Muslims whose Imaan dangles by the thread for eating pork, the MJC has set in motion a process to first desensitize the morons – to eliminate Imaani aversion for pork, hence, its pork procedure program states:

silwood.co.za

Are the Silwood kitchens Halaal?

The Muslim Judicial Council Halaal Trust, has given us a letter, stating that they understand the importance of a Chef qualification and have given permission for students to learn to prepare pork and to be knowledgeable regarding wines as part of the syllabus. Although the Muslim religion disapproves of the consumption of both pork and alcohol, it is imperative that it is pointed out to students that both pork and wine/alcohol are items which contaminate through touch and as such will require that the affected

as such will require that the affected utensils and body parts should be properly cleansed before use and before being able to proceed for Islamic prayers. Where possible students may substitute pork for a similar meat and wine does not need to be consumed, and can be replaced with a suitable substitute.

(End of the Pork program report)

Absolutely incredible and shocking. Although it is generally understood that MJC molvis and sheikhs are scoundrels emitting stench of fisq, fujoor and kufr from every body aperture, it was not expected that these munaafiq rascals would so flagrantly and so shamelessly stoop to the sub-satanic level of halaalizing handling of pork for the sake of the boodle. Decades of halaalizing carrion has obliterated their Imaan, hence the induracy of their rotten hearts. They are dumb, deaf and blind. The Qur'aan says about such scoundrels:

“The (physical) eyes are not blind, but the hearts within the breasts are blind.”

Halaalizing for Muslims the shaitaani act of handling pork and liquor – halaalizing the act of soiling themselves with *khinzeer* and *khamr* - speaks volumes for the kufr lurking within their filthy hearts darkened with deluges of fisq, fujoor and kufr.

The Rubbishes with their shaitaani halaalization of learning to cook pork and make wine have opened up the avenue widely for stupid Muslims of defective Imaan to consume this satanic muck and filth. In the process of learning to cook pork, there is 100% certitude that all aversion for pork will evaporate from the hearts of such Muslims whose Imaan is on a thread.

These rubbish molvis and sheikhs have committed KUFR with their halaalization of pork and wine-preparing since the Qur'aan Majeed so vividly and harshly castigates these evils. A professed Muslim who becomes an expert pork-chef cannot have any compatibility with Salaat. It is indeed a brutal mockery for these rubbish, scoundrel, molvis and sheikhs to encourage Muslims to learn to cook pork and use wine and then to simply say that they should wash themselves for Salaat. It appears that Iblees gave birth to these rascal louts who display such flagrant disregard for the Qur'aan and Sunnah. What better can be expected from those who have been created to be *Hasabu Jahannaum* – Fuel for Hell-Fire?
