COVID VACCINES LINKED TO RARE HEART AND BRAIN DISORDERS, SAYS VACCINE STUDY

Published Feb 21, 2024

Written by Y. Jacobs Multimedia Journalist, IOL News

A recent peer-reviewed study has revealed rare occurrences of heart, brain, and blood disorders associated with Covid vaccines from companies such as Pfizer, Moderna, and AstraZeneca.

This comes after concern mounts about the uptick in Covid-19 infections abroad, and the [Gauteng Department of Health slamming claims](#) that people who were vaccinated against Covid-19 are believed to be dying.

The study was conducted by researchers from the *Global Vaccine Data Network* who analysed data from **99 million vaccinated individuals across eight countries**. This makes it the largest Covid vaccine study to date.

The Global Vaccine Data Network is the research arm of the [World Health Organization](#). *(The satanic entity which was complicit in the covid satanism plot –The Majlis)*

Key findings from the study

The study found rare cases of **myocarditis**, which in basic terms is the **inflammation of the heart**. Cases of myocarditis were identified after the

administration of Pfizer-BioNTech's and Moderna's mRNA vaccines, with the highest rate observed after the second Moderna dose.

Another heart condition called **pericarditis** showed an increased risk in those who received a third dose of AstraZeneca's viral-vector vaccine, as well as specific doses of Moderna's vaccine. Pericarditis refers to the **swelling and irritation of the thin, sac-like tissue surrounding the heart.**

The risk of developing the rare autoimmune disorder **Guillain-Barre syndrome** was higher among those who received AstraZeneca's vaccine, compared to the expected rate, in addition to an **increased risk of blood clots.**

Neurological disorders such as acute disseminated **encephalomyelitis** showed an increased risk following the administration of Moderna's and AstraZeneca's vaccines.

(End of Research study)

THE NNB-MJC MUNAAFIQ SCOUNDRELS

The NNB-MJC Clique of Munaafiqeen in cahoots with the modernist Zanaadaqah had feverishly promoted the covid Satanist conspiracy. The chimera of the boodle dangled in front of these *Shayaateenul Ins* induced these scoundrels to suspend Jumuah Salaat the daily Fardh Salaat, to close the Musaajid, to rush to the kuffaar court as 'Friends' of the court' to secure an order for closure of the Musaajid, and to displace Masaa-il of the Shariah with the promotion of many kuffaar Satanist protocols. In brief, the underlying plot was to destroy Islam at the behest of their western atheist masters.

The Muslim community should NEVER forget the treachery against Islam perpetuated by these Ghutha (Rubbish) scoundrels. They are shayaateen and munaafiqeen prowling in the community always plotting to dig up the foundations of Islam.

“They plot to extinguish the Noor of Allah whilst Allah intends to complete His Noor even though the kaafiroon abhor it.” (Qur’aan)
