# **THE SHAITAANIYAT OF THE TABLIGH JAMAAT CULT**

## ***THEIR KUFFAAR COURT MILLION POUND – R24 MILLION ISRAAF THEY ARE THEY BROTHERS OF THE SHAYAATEEN***

From the U.K. comes the following information regarding the shaitaaniyat of the Tabligh Jamaat of BOTH factions.

### **Tablighi Jamaat Squandering of Astronomical Fees Paid to Yahood & Nasara**

Allah Ta'ala mentions:

**“O you who believe! Take not the Yahood and the Nasara for friends. They are friends one to another. He amongst you who takes them for friends is (one) of them. Indeed, Allah guides not wrongdoing people.”** (Glorious Qur'an, 5:51)

Sayyidunna Abu Huraira radhiyallahu anhu reported that Rasoolullah sallallahu alayhi wasallam prophesised:

**“Men will appear near the end of time who seek the worldly life with religion; confusing the people. Their skin will be as soft as sheep; their words sweeter than sugar; yet their hearts are like the hearts of wolves.”** (Tirmidhi)

A glaring aspect of the *Tablighi Jamaat* feud conveniently overlooked, smothered and not mentioned; as it vindicates both groups; is their squandering of almost a million

pounds sterling within the last year on a pointless legal battle to determine ownership of the London Markaz Site in the UK.

The dispute still rumbles on, much to the delight and profit of Yahoood/Nasara lawyers and far-right media.

People who had travelled together in *Tablighi Jamaat* and sat on the same *dastarkhaan* for 3-4 decades, suddenly were at each other's throats and unashamedly took each other to Kuffar Court; even summoning the Police to ban rival parties from being able to enter the Masaajid.

This is in addition to the millions squandered in purchasing a chemically contaminated site against the advice of experienced Muslim professionals over three decades previously - ample testimony to the presence of this feud simmering from a long time ago.

Unfortunately, the astronomical *israaf* (waste) does not end here.

Over the past decade or two, hundreds of thousands of pounds have been wasted on town planning applications and fees paid to starchitects - one vanity project after the other on grand designs for this London Markaz Site - with every application being refused.

Just like in *Animal Farm*; once the animals take over, any setback is blamed not on the enemy; but on the rival camp of pigs in an attempt to preserve their self-interests (fame, positions, income, luxuries) and to lead the dim-witted sheep into yet more deviation.

Despite having an opportunity to sell the Site at a premium price for the London Olympics held in 2012: these intransigent, incompetent and insincere people continued, at the behest of both Raiwand and Nizamuddeen, to out-muscle each other amid claims to be the largest Masjid and *Tablighi Jamaat* Headquarters in Western Europe.

Not to be outdone, Dewsbury Markaz, at the behest of Nizamuddeen, embarked on a pointless, monstrous, shabby, ridiculous and downright wasteful third floor carbuncle of a roof/loft extension: in a surreptitious attempt to cover up the embarrassing, total collapse of a pitched-roof installed only few years previously.

Steel structured roofs do not collapse under the weight of a few millimetres of snow; nor are newly constructed minarets and domes expected to fall over from a slight gust of wind.

The roof collapsed and, after some years, the new minaret also blew over by the Command of Allah Ta'ala because of the huge amount of misdemeanour being perpetrated.

To add further salt to wounds, Dewsbury Markaz employed the same zindeeq engineers who were responsible for the earlier roof collapse – and who also conveniently designed private ‘pet projects’ of Shura Members; despite the sincere advice of Muslim Engineers involved in Tablighi Jamaat from Lancashire – who were rebuffed merely because they also participated in rival *Alame Shuraa* Tablighi Activities there.

Now everything which takes place in *Tablighi Jamaat* circles is a competition to outwit the other party.

The Nizamuddeen vs Raiwand feud has paralysed the entire modus operandi of *Tablighi Jamaat* work.

Brother against brother; Makhshoofaat against sister; Alim against Maulvi; Saathi against saathi; Ameer against ameer; Markaz against Markaz.

If one group organises a *ghust* in one area on one day; the other rival group will follow it up with another the very next day.

If a Jamaat from one faction arrives at a Masjid; brothers aligned to the other faction will neither participate nor assist and will boycott.

In the UK, one Nizamuddin aligned Markaz will hold their Jumu'ah Night Jhor, unnecessarily on larger upper floor, all lights and heating blazing, despite the paucity of number; just to display their power, size and outshine the rival Alami Shuraa Jhor; who too will intransigently hold at same time, literally a stone throw away on same street.

The same rivalry which destroyed rival principalities in Andalusia; leading to total annihilation and genocide of Muslim Iberia (Spain & Portugal), today is unwittingly being played out in UK.

The Yahood/Nasara are literally laughing all the way to the bank; whether it is through earning millions in legal fees; or through delivering sub-standard buildings, services and workmanship.

The same scenario and internecine feuds are being enacted in UK Muslim homes, families, Masaajid and Madaaris as each group of Muslims attempt to score brownie points over its rivals.

At a time, when our Palestinian brethren are being annihilated and reduced to eating grass, leaves, carrion and drinking contaminated water just to survive; whilst they are literally being burnt alive in tents; UK Muslims continue to squander millions filling the pockets of Yahood/Nasara.

UK Masaajid are being extended, not for Salaah or Ta'aleem; as Musallee and Madrasah Student numbers continue to fall; rather Deeni hue and terminology are used to convert them into theatres, cinemas, temples, entertainment venues and places where men-women may intermingle and the interfaith accord maybe enacted.

In the UK, when the *Tablighi Jamaat* feud came into the public realm around 2017; what prevented UK Muftis/Maulana from convening, like they did for Covid Scampdemic in Spring 2020; to issue an edict instructing non-following of both Nizamuddeen and Raiwand?

Why could UK Tablighi Elders and Senior Scholars not issue an edict clearly instructing *Tablighi Jamaats* to restrict their role to the Six Points and Kitaabs formulated by their founders and to give both Nizamuddeen and Raiwan a thoroughly well-deserved and permanent boot?

Even today, the call should be for UK Muslims to restrict their works and travels to only Western Europe.

What need is there for over 500 UK Muslims to travel to South Africa and Ethiopia for a Safari now? Or to Malaysia via a Mock Umrah last year or to the proposed World Ijtimaa in Chicago, USA, next year?

Especially when the challenges facing Islam/Muslims in the UK and Western Europe are so daunting and paramount?

Why is the boycott call only applied to a few selective items of food and drink?

Why not extend it to air travel (so Boeing, Airbus, Emirates and the other Yahoodi underlings are well and truly hammered)?

If 500 UK Muslims have travelled to the Camperdown Safari; that is a minimum spend of another One Million+ Pounds from the UK alone.

Irrespective of how much time and resources are spent in either a Madrasah, Khanqaah or *Tablighi Jamaat* or any other avenue of Deen; unless one refrains from sins and wastage, one will not progress spiritually.

Rasulullah (Sallallahu alayhi wasallam) said:

*“Soon will an era dawn when nothing of Islam will remain except its name. Nothing of the Qur’an will remain except its text. The Masaajid will be ornate (beautifully adorned) structures but devoid of Hidaayah. The worst of the people under the canopy of the sky will be the ulama. From them will emerge fitnah, and the fitnah will rebound on them.”*
