## **THE KUFR OF ‘HERITAGE DAY’**

### **“WHOEVER EMULATES A PEOPLE IS OF THEM”, SAID RASULULLAH (Sallallahu alayhi wasallam)**

In a bootlicking statement to appease the government, SANHA the primary Carrion certifying agent of Iblees, states:

*“Islam teaches Muslims to view diverse cultural heritages with an open mind, particularly those societies they live in, as long as these do not conflict with Islamic principles. The Noble Quran advocates for the acceptance of culture, stating in Chapter 7, Verse 199: “Accept from people what comes naturally for them; command what is good by custom; and turn away from the ignorant without responding in kind”*

**This is a blatant LIE.** Islam teaches Muslims to reject all cultural heritages. There is no affinity between Islam and the cultures and cults of others.

This Carrion Certifier with its corrupt translation of the Qur’aanic Aayat to lick the boots of the kuffaar, has stupidly and abortively laboured to accommodate the kufr cultures of those who are doomed for Jahannam. In a hoodwinking bid to leave a gap for sliding out from its own kufr imbroglio, Sanha says: *“as long as these do not conflict with Islamic principles”*. Just who does this illegitimate progeny of Iblees think it can fool with this hypocritical rider?

What of the kuffaar ‘heritage day’ is not in conflict with Islamic principles, tenets and teachings? Is there even a single act of the many acts of fisq, fujoor and kufr which will dominate this kuffaar holiday, in conformity with Islamic principles? Will their music, intermingling of sexes, dances, nudity, raucous behaviour, drunkenness, prayer services, etc., etc., be in accord with Islamic principles? In the religion of the SANHA IBLEES, all of these *kabaa-ir* are not in conflict with Islamic principles. This idea by

itself renders the SANHA crowd *Murtad*. Nothing better can be expected from a vile, rotten, stinking entity halaalizing rotten, diseased carrion chickens and meat.

Carrion halaalizing has totally fossilized the brains of these money-hungry louts. Carrion halaalizing has deracinated their Imaan. Their Imaan is not only darkened. It is eliminated. Agents of Shaitaan who certify billions of chickens killed horrendously and brutally can never be Muslims. That is precisely why this ‘heritage day’ is acceptable to them. The molvis associated with the SANHA Carrion cartel are of the kind which comes within the purview of the Aayat: *“They are fuel for Jahannam.”* They are destined to make tawaaf of their entrails in Jahannam. They are a breed of human devils created specifically to be fuel for Hell Fire.

The translation proffered by the SANHA IBLEES is a mutilation of the Truth. There is absolutely no support for heritage day or for any kuffaar custom and culture in this Aayat nor in any other Aayat nor in any Hadith among the more than million Ahaadith. The Aayat does not remotely touch on kuffaar cultures and customs. The Aayat is related to the domain of *Akhlaaq-e-Hameedah* (Beautiful Moral Conduct).

When Rasulullah (Sallallahu alayhi wasallam) saw the horrendously mutilated body of his beloved uncle, Hadhrat Humzah (Radhiyallahu anhu), he was beyond all limits of grief. Thus, he resolved that he will extract revenge from the kuffaar by mutilating 70 of them in the same manner. Allah Ta’ala then revealed the Aayat:

*“Be forgiving (adopt forgiveness), and command virtue, and ignore the ignoramuses.”*  
(*A’raaf, Aayat 199*)

The Aayat does not state: *“And accept from people what comes naturally for them”*. It commands forgiveness for oppression – to overlook the injustice and oppression caused to one. Explaining this further, another Aayat states:

*“Ward off evil with that which is better.”* The Aayat mutilated by the SANHA jaahil carrion certifier in the same way as the kuffaar had mutilated the noble body of Hadhrat Humzah (Radhiyallahu anhu), has absolutely no relationship with kuffaar culture and custom. It is a vile slander against Allah Ta’ala to claim that this Aayat or any other Aayat promotes acceptance and condonation of kuffaar cultures, customs and cults, when there is absolute Shar’i certitude that all cultures, religions and ideologies besides Islam are *baatil* and *shaitaani*. Thus the Qur’aan Majeed categorically rejecting all religions and cultures besides Islam says:

*“Assuredly, the Deen by Allah is Islam.”*  
(*Aal Imraan, Aayat 19*)

*“Whoever searches for a Deen other than Islam, never ever will it be accepted from him, and in the Akhirah he will be among the khaasireen (i.e. the losers doomed for Jahannam).”*  
(*Aal Imraan, Aayat 85*)

The meaning of *Deen* in Islamic parlance is not restricted to ritual prayers and beliefs. It is an entire Divine Code of Life and Culture encompassing *Insaan* from birth to the

grave. Even the act of *Istinja* which agents of Iblees professing to be Muslims are ignorant of, comes within the scope of this Divine Deen. How can any person possessing healthy Imaan ever accept the kuffaar heritage day holiday and shove it within the context of the Qur'aan. Indeed, these SANHA louts are pedigree *shayaateenul ins*.

Far, far, very far from the haraam suggestion of 'accepting from kuffaar culture', Islam vehemently prohibits emulation and imitation of kuffaar customs and culture, hence Rasulullah (Sallallahu alayhi wasallam) said:

*"Whoever imitates a people, is of them."* The Yahood don turbans (or used to) without *topi*. To create a differentiation so as to avoid imitation, Rasulullah (Sallallahu alayhi wasallam) commanded that Muslims should don *topis* under their *amaamahs* (turbans) despite the fact that the *topi* is not visible under the turban.

Rasulullah (Sallallahu alayhi wasallam) forbade the Sahaabah from using in Jihad the superior quality Persian bow. Imitation of the kuffaar is prohibited in all things. The wholesale emulation of Muslims today is a lamentable haraam practice of today's Ummah. It is difficult today to differentiate between Muslims and kuffaar because of shaitaani emulation which has sucked Muslims into kuffaar cultures, and that is precisely what the vile SANHA Carrion Mafia is promoting with its heritage day ideology for which it has abortively sought Qur'aanic licence.

Just as SANHA sucked out from the Qur'aan a licence for certifying the Carrion of the kuffaar chicken and meat killing facilities, so too is it seeking to find a licence in the Qur'aan for the kuffaar heritage day holiday, hence the mutilation of the Qur'aanic Aayat which does not remotely touch on the issue of kuffaar cults and cultures. Among the haraam activities of this heritage day are:

1. **Cultural Performances:** Many communities showcase traditional dances, music, and art that represent their unique cultures. This includes performances of indigenous songs and dances.
2. **Food Festivals:** Traditional South African cuisine is a big part of the celebrations. Families often prepare and share traditional dishes, such as braai (barbecue), potjiekos, and various indigenous foods.
3. **Community Events:** Various events, such as festivals and exhibitions, are held across the country. These may include storytelling sessions, craft markets, and cultural workshops.
4. **National Celebrations:** Official events are often organized by the government, featuring speeches by leaders, cultural displays, and activities that promote national unity.

Every single one of these activities is in diametric conflict with Islamic principles, teachings, attitude and ethos. Not a single one of these haraam activities finds accommodation in this Deen of Allah Ta'ala.

Insha-Allah, the other RUBBISH excreted by the SANHA SHAITAAN shall be refuted in another discourse.
