THE KUFRA FITNAH OF THE BOGUS ‘sheikh’ ARIF UMAR AND OF HIS CONNIVING ‘sheikh’ MOLVI FAZLUR RAHMAN

A broken and stressed Brother from Mauritius, whose wife has been satanically ‘abducted’ from him laments:

Dear Majlis committee,

I am writing from Mauritius. I did not know about Arif's mischief and got married to one of his followers. The condition that Arif put before my marriage was that my wife can only learn deen from him. At that time I thought he is a khalifa of Shaykh Fazlur Rahman I said it is okay as long as she is learning from the right path. My wife has been trapped in Arif's sect to such extent that she considers Arif and his wife Saima as her parents while leaving her own parents abroad. They made her lie to her parents to come stay in Mauritius. And when I have found out the truth on Arif through Majlis, the matter has worsen such that my marriage is near to being broken. I know I may not get my wife back but still I am doing all I can. Since I found out the truth only through Majlis, I am now knocking the door of Majlis for help.

I am writing below to Shaykh Fazlur Rahman to help me and to all those affected families separated from their loved ones because of Arif and his family.

Dear Respected Shaykh Fazlur Rahman:

I recently wrote to you from Mauritius regarding the mischiefs of Arif Umar and his ongoing sect by taking your name.

I am humbly requesting and begging you for your phone call to the followers of Arif to explain to them the truth which they are not willing to listen from us except from you.

I have forwarded your voice recording to some of his followers in Mauritius and other countries, they are prevented by Arif to hear as he claims that these messages are from Dajjaal, as revealed by ex followers who left him. I've been blocked by his followers after sending the recording. Besides this, his followers said that Arif attended your bayaan in Mauritius and nobody prevented him and thus claim that the recording is fake. They said all these local ulama were present there and saw him but did not say anything to him thus indicating his innocence.

I am writing to you publicly because my messages to you so many times are not being replied and your close followers are not willing to send the above request to you. I am depressed, but not only me, mothers are sick and crying in Kenya waiting for their daughter to come back. I am begging you for help, to save these people's deen, to save the ummah of Rasulullah ﷺ, for the sake of Rasulullah ﷺ.

I am only requesting for a simple thing, a phone call to his followers to remove them from this fitna. This is the greater form of dawah even more rewarded than public speech. Please help me and all affected families separated from their loved ones. JazaakAllahu khaira

(End of letter)

The shaitaan in human form (Arif) who had to flee from Kenya and go into hiding in different places for his haraam, shirk and kufr shenanigans, has surfaced in Mauritius where he has again commenced his kufr and shirk shaitaaniyat. The Brother's letter describes the tragedy and havoc which this devil in human form is causing in Mauritius.

His 'sheikh', Fazlur Rahman is a conniving serpent, hence he does not respond to enquiries regarding the shenanigans of his devil-khalifah. He speaks with a satanic fork-tongue, like a real munaafiq in an attempt to placate all sides. But his nifaaq will hem him into destruction. Beware of this so-called 'sheikh' and so-called 'shaikhul hadith'.
